Dimmitt Independent School District's Request for Review of USAC's Denial of

E-Rate Funding and Brief in Support Thereof

471 App. No. 619342, FRN 1705900 CC Docket Nos. 96-45 and 02-6

Dear Ms. Dortch:

Enclosed please find Dimmitt Independent School District's Request for Review of USAC's Notification of Commitment Adjustment of E-Rate Funding and Brief in Support Thereof with Exhibits. By copy of this letter to Ms. Pina Portanova (without enclosures), the District is informing USAC that it is opting to appeal USAC's Commitment Adjustment directly to the FCC, rather than file a response with USAC.

Please consider this Request for Review in conjunction with Dimmitt ISD's other Requests currently pending before the FCC for FY2009 Form 471 #663273 and FY2010 Form 471 #733584.

Sincerely,

Fred A. Stormer

Issue No. 1: There was no competition in the District's bid process, and therefore no violation of Program bid rules or regulation when it selected a service provider because Trillion was the only vendor to submit a proposal 13
Issue No. 2: The District complied with Program bid rules regarding a fair and open competitive bidding process as well as Texas statutes on the acceptance and reporting of gifts.
Issue No. 3: Even if the District was engaged in a competitive bid process to select a service provider, no conflict of interest arose because the employees attending Trillion's Dinner provided no input and had no influence over the District's decision to select Trillion as its service provider
Issue No. 4: Even if the District was engaged in a competitive bid process to select a service provider, no violation of any competitive bid rules or regulations occurred because attending Trillion's Dinner does not constitute a "valuable gift" to support a conflict of interest
Issue No. 5: USAC's proposed adjustment of Form 471 #619342 is based on Pattern Analysis that violates the Commission's requirement to fairly investigate and examine whether the District actually violated competitive bidding rules
Issue No. 6: Because USAC waited three years before asserting a violation of its competitive bidding rules, Form 471#619342 may not be adjusted under the equitable doctrines of laches, estoppel or waiver
PRAYER30

TO THE FEDERAL COMMUNICATIONS COMMISSION:

- 1. Dimmitt Independent School District ("Dimmitt ISD" or "the District") has retained the Underwood Law Firm to submit this Request for Review and Brief on its behalf in response to the February 9, 2011 Notification of Commitment Adjustment Letter sent to the District. (the "District Letter" or the "Notification") by Universal Service Administrative Company ("USAC"). See Exhibit A.
- 2. Dimmitt ISD requests that the Federal Communications Commission (hereafter the "FCC" or "Commission") rescind the Notification because the District conducted a fair and open bid process that was free of any conflict of interest when it selected Trillion Partners, Inc. ("Trillion") to be its service provider.
- 3. Currently, the District has two Appeals pending before the FCC.² Therefore, the District is submitting this Appeal directly to the FCC due to its factual similarity to the pending Appeals. This appeal is properly before the FCC in accordance with C.F.R. 47 §54.720.

PROCEDURAL HISTORY³

4. On or about June 12, 2009, USAC sent the District a request for information concerning various Trillion funding requests, including Form 471 #619342. *See* true and correct copy of June 12, 2009 USAC letter, attached hereto as Exhibit B. Among other

¹ See June 9, 2010, letter from Sharron Bills, Dimmitt ISD's Federal Programs Director, confirming to USAC that the District is represented by the law firm of Underwood, Wilson, Berry, Stein & Johnson, P.C. attached hereto as Exhibit A.

² The District submitted the First Appeal to the FCC on November 12, 2010 in response to USAC's denial of funding for FY2009 Form 471 #663273. The District submitted the Second Appeal to the FCC on January 21, 2011 in response to USAC's denial of funding for FY2010 Form 471 #733584. As of the date of this submission, the FCC has yet to make a determination regarding these Appeals.

³ For ease of review, the District has created a timeline attached hereto as Appendix A.

things, this request for information inquired about any gifts or meals offered by Trillion and accepted by any District employee. *Id.* On June 22, 2009, the District responded to USAC's request for information in good faith and based on the knowledge of the facts known to the person responding at the time. *See* true and correct copy of District's June 22, 2009 Response to USAC, attached hereto as Exhibit C.

- 5. On June 3, 2010, USAC proposed denial of the District's FY2009 Form 471 #663273 due to an alleged violation of the E-Rate funding Program's competitive bidding rules (hereafter the "First Proposed Denial"). *See* Exhibit D. On July 5, 2010, the District submitted its response to the First Proposed Denial and on September 15, 2010, USAC issued a Funding Commitment Decision Letter (the "First FCDL") denying funding for the District's FY2009 Form 471 #663273 due to alleged Program bidding rule violations (hereafter the "First FCDL"). *See* Exhibit E. The District filed its appeal of the First FCDL on November 12, 2010 (the "First Appeal") to the FCC. *See* Exhibit F. As of the date the District submitted this Appeal, the FCC has yet to issue a ruling on the First Appeal.
- 6. On September 13, 2010, USAC proposed denial of the District's FY2010 Form 471 #733584 for the same reasons as the First Proposed Denial (hereafter "Second Proposed Denial") Exhibit G. On October 8, 2010, the District submitted its response to USAC's Second Proposed Denial. See Exhibit F. On November 23, 2010, USAC issued an FCDL officially denying the District's FY2010 Form 471 #733584 (hereafter the "Second FCDL"). See Exhibit H and see also Exhibit F. On January 21, 2011, the District filed its Second Request for Review of the Second FCDL to the FCC (the "Second Appeal"). See

Exhibit F. As of the date of this Appeal, the FCC has yet to issue a ruling on the Second Appeal.

- 7. On February 14, 2011, the District received notice from USAC that there was a need for a funding adjustment in the amount of \$152,987.84 to Form 471 Application Number 619342 ("Form 471 #619342") due to an alleged violation of the E-Rate funding program's competitive bidding rules (hereafter, the "District Letter" or the "Notification") See true and correct copy of USAC's February 9, 2011 Notification of Commitment Adjustment Letter attached hereto as Exhibit I. The Notification also stated that USAC would recover these funds directly from the District.
- 8. Also on February 14, 2011, USAC carbon copied the District on a similar Notification of Commitment Adjustment Letter sent to Virginia Bryant of Trillion (the "Trillion Letter"). *See* Exhibit J. The Trillion Letter stated that Trillion was responsible for the Program Rule violations and that USAC would recover the necessary funds from Trillion.
- 9. USAC has not given the District specific notice of any alleged violations other than those stated in the First Proposed Denial sent to the District on June 3, 2010. See Exhibit D, holding that the district violated Program bid rules by accepting a meal at the Trillion Customer Appreciation Dinner (the "Trillion Dinner"). The Funding Commitment Adjustment Report for Form 471 Application Number 619342 attached to the Notification only states the "funding commitment must be rescinded…[because] there was not a fair and open competitive bidding process free from conflicts of interest." See Exhibit I at p 4. Therefore, the District must assume USAC's Notification stems from an alleged competitive bidding violation based on the acceptance of the meals received at the Trillion Dinner. See

the First Proposed Denial at Exhibit D. To the extent USAC based the Notification on some other reason, the Notification should be reversed because the District has not received fair notice or an opportunity to respond. See In the Matter of Request for Review of the Decision of the Universal Service Administrator by Academy of Careers and Technologies, et al., CC Docket No. 02-6, SLD-418938, ¶6 (2006).

ISSUES PRESENTED

- Issue No. 1: There was no competition in the District's bid process, and therefore no violation of Program bid rules or regulations when it selected a service provider because Trillion was the only vendor to submit a proposal.

- Issue No. 4: Even if the District was engaged in a competitive bid process to select a service provider, no violation of any competitive bid rules or regulations occurred because attending Trillion's Dinner does not constitute a "valuable gift" to support a conflict of interest,
- Issue No.5: USAC's proposed adjustment of Form 471 #619342 is based on Pattern Analysis that violates the Commission's requirement to fairly investigate and examine whether the District actually violated competitive bidding rules.
- Issue No. 6: Because USAC waiting over three years before asserting a violation of its competitive bidding rules, Form 471 #619342 should not be adjusted under the equitable doctrines of laches, estoppel, or waiver.

STATEMENT OF FACTS

10. Dimmitt ISD is an independent school district in Castro County, Texas, with an approximate enrollment of 1,200 students. As an independent school district, Dimmitt ISD qualifies to participate in the E-Rate Funding Program (the "Program"). The District has participated in the Program since 1999. *See* Affidavit of Doricell Davis attached hereto and incorporated herein by reference as Exhibit K. The vast majority of the District's costs for internet and telecommunication services qualify for reimbursement under the Program (approximately 87% of such costs are reimbursed), and the District would not knowingly engage in any conduct that could jeopardize its receipt of Program funding. *See* Affidavit of Charles L. Miller attached hereto and incorporated herein by reference as Exhibit F.

A. The Service Provider Selection Process.

- 11. The District's "chain of command" as it relates to Program decisions begins with a needs assessment by the Technology Director. The Technology Director assesses which technology areas have the highest priority, and relays that information to the E-Rate Coordinator.
- 12. The E-Rate Coordinator is responsible for filing the proper Program forms with USAC, as well as serving as the contact person for the District when potential service providers make inquiries. The E-Rate Coordinator initially determines which potential service providers meet the District's threshold requirements. The E-Rate Coordinator works side-by-side with the Technology Director to gather additional information on each of the potential service providers. The E-Rate Coordinator and the Technology Director then

provide this information to the Superintendent. Neither the E-Rate Coordinator nor the Technology Director is involved in the decision to select a service provider. *See* Exhibit F.

Director, the Superintendent determines which service provider he will recommend to the District's Board of Trustees (the "Board"). *See* Exhibit F. The Board calls a meeting, at which the Superintendent relays to the Board all relevant information and his recommendation relating to each potential service provider. The Board, after some deliberation, may vote to accept or reject the Superintendent's recommendation. The Board has the ultimate authority to select a service provider. *See Id*.

B. The Trillion Contract.

14. In 2003, the District contracted with Trillion for internet and a limited amount of telecommunication services (the "Trillion Contract"). See Exhibit F and a true and correct copy of the 2003 Trillion Contract attached hereto as Exhibit L. In 2006, the District learned that certain terms and conditions within the Trillion Contract did not comport with Texas statutory requirements, and the Trillion Contract was amended to comply with such requirements. See Exhibit F and true and correct copy of the 2006 Trillion Contract Amendment attached hereto as Exhibit M. This Amendment did not change the term of the Trillion Contract, and the District continued to receive internet and telecommunication services under the Trillion Contract. Id.

C. Request for Additional Services.

15. In May 2007, the District passed a bond issue to, among other things, construct a new high school. Construction on the new high school was scheduled to begin in

August 2008, and it was to open in August 2009. The high school would need to be connected to the District's WAN and have full internet and voice over IP telecommunication service. The District also wanted the same WAN connectivity with full internet and telecommunication services at all other District locations that had not yet been connected (collectively the "Additional Services"). *See* Exhibit F and the Affidavit of Karen Newman attached hereto and incorporated herein by reference as Exhibit N.

- 16. When the District researched obtaining these Additional Services, it realized the WAN, as well the internet access and voice over IP telecommunication service, were utilizing all available bandwidth. The District would have to increase its bandwidth in order to obtain the Additional Services it desired. This was especially true in light of the new high school for the District was under construction. *Id*.
- 17. Anticipating the need for internet and telecommunication services at the new high school and other District locations, the District posted a Form 470 FY 2008-2009 on or about November 15, 2007, notifying all potential vendors of its desire for a WAN and internet and voice over IP telecommunication services at all District locations, including the new high school (the "470"). *Id.*; *see also* Affidavit of Sharron Bills attached hereto and incorporated herein by reference as Exhibit O and true and copy of the Form 470 FY 2008-2009, at pp. 3 and 4, attached hereto as Exhibit P.
- 18. During this time, the District was still under contract with Trillion for internet and telecommunication services. Trillion was the only service provider that responded to the 470. See Exhibits F and O. The deadline for filing the Form 471 to obtain reimbursement on the Additional Services was February 7, 2008. See Exhibit F. Therefore, the District

needed to call a special Board meeting to consider the Additional Services before this date. The District posted its notice and agenda for this Board meeting on February 1, 2008. *See* Exhibit F. The agenda contained the following item: "I. Consider contracting with Trillion to provide Wide Area Network (WAN), internet access, and Voice over IP system services for the district for the 2008-2009 school year." *Id., see also* true and correct copy of notice and agenda for February 6, 2008 Board meeting attached hereto as Exhibit Q.

- 19. At the meeting, the Superintendent, Charles L. Miller, advised the Board that Trillion was the only service provider who responded to the District's 470, and that there was an immediate need for the Additional Services. After some deliberation, the Board voted to approve Trillion as the service provider for the Additional Services, and authorized the Superintendent to execute a new Service Agreement and the Product Addendums with Trillion. *See* Exhibit F and true and correct copy of the 2008 Trillion Service Agreement and Product Addendums attached hereto as Exhibit R; *see also* true and correct copy of the February 6, 2008 Board meeting minutes attached hereto as Exhibit S.
- 20. Because it was necessary for the District to obtain additional equipment and because the District was expanding services to new facilities (namely the new high school), Trillion advised the District that it was necessary to execute a new Service Agreement and various Product Addendums to account for the increased equipment and services. *See* Exhibit F.
- 21. USAC received the District's 471 #619342 on or about February 7, 2008. *See* true and correct copy of the 471 #619342, FRN 1705900, attached hereto as Exhibit T. On or about June 15, 2009, Ms. Sharron Bills, the District's E-Rate Funding Coordinator at the

time, received USAC's request for information and certain documents. *See* Exhibits C and O. Ms. Bills answered USAC's questions and supplied the information requested to the fullest extent of her knowledge and in good faith. *See* Exhibits C and O. Thereafter, on or about June 3, 2010, the District received the First Proposed Denial from USAC, asserting that the entire FRN 1811096 would be denied because three (3) District employees accepted a meal from Trillion, thereby preventing the District from conducting a fair and open competitive bid process, free from conflicts of interest. *See* Exhibit D.

- 22. On or about July 5, 2010, the District responded to the First Proposed Denial by asserting it had conducted a fair and open bid process free of any conflict of interest when it selected Trillion to be its service provider for the Additional Services (the "First Response"). *See* Exhibit F.
- 23. On or about September 13, 2010, the District received from USAC the Second Proposed Denial, asserting the same claims as the First Proposed Denial. *See* Exhibit F. Specifically, the Second Proposed Denial stated "[t]he documentation you or Trillion Partners, Inc. provided indicates that you were offered and accepted valuable gifts, in the form of meals, immediately prior to and/or during the process you conducted to select a service provider to provide these goods and services from the service provider you selected. These gifts show that you engaged in noncompetitive bidding practices in program rules." *See* Exhibit F.
- 24. On or about September 15, 2010, the District received the First FCDL, denying the District's entire E-Rate funding request for FY2009, Form 471 #663273, FRN 1811096. See Exhibit F.

- 25. On or about October 8, 2010, the District responded to the Second Proposed Denial by asserting it had conducted a fair and open bid process free of any conflict of interest when it selected Trillion to be its service provider for the Additional Services (the "Second Response"). *See* Exhibit F.
- 26. On or about November 12, 2010, the District filed its First Appeal with the FCC regarding the denial of funding for FY2009, Form 471 #663273, FRN 1811096. *See* Exhibit F.
- 27. On or about November 23, 2010, the District received the Second FCDL, denying the District's entire E-Rate funding request for FY2010, Form 471 #733584 FRN 1983786. See Exhibit F.
- 28. At this point, it is worth noting that in both the First FCDL and the Second FCDL, USAC's reasoning for denying each funding request was altered from the initial reason stated in both Proposed Denial Letters. Specifically, the First and Second Proposed Denial Letters state, "The documentation you or Trillion Partners, Inc. provided indicates that you were offered and accepted valuable gifts, in the form of meals, *immediately prior to and/or during* the process you conducted to select a service provider." (Emphasis added). *See* Exhibit D and G.
- 29. The First and Second FCDL, however, states, "The documentation provided by you and/or your service provider indicates that *throughout your contractual relationship...* you were offered and accepted either gifts, meals, gratuities, entertainment from the service provider, WHICH resulted in a competitive process that was no longer fair and open and therefore funding is denied." (Emphasis added). *See* Exhibit E and H. The

phrase "throughout your contractual relationship" significantly alters the basis for the violation.

- 30. In response to the Second Proposed Denial Letter, the District defended itself against allegedly accepting gifts *during* the competitive bidding process. USAC never provided the District with notice or an opportunity to defend itself against the startling new allegation that District employees accepted meals "throughout" the entire contractual relationship.⁴
- 31. On January 21, 2011, the District filed its Second Appeal with the FCC regarding the denial of funding for FY2010, Form 471 #733584 FRN 1983786. *See* Exhibit F.
- 32. On February 14, 2011, the District received a Notification of Commitment Adjustment Letter regarding FY2008 Form 471 Application Number 619342 (the "Notification" or the "District Letter") stating that the "applicant is responsible for all or some of the [Program] violations ...the applicant is responsible to repay all or some of the funds disbursed in error (if any)". *See* Exhibit I. *See also* Exhibit F and O.
- 33. Also on February 14, 2011, the District was carbon copied on a Notification of Commitment Adjustment Letter regarding FY2008 Form 471 Application Number 619342 sent to Trillion (the "Trillion letter"). This letter stated that the "service provider is responsible for all or some of the [Program] violations ...the service provider is responsible

⁴ This practice of selectively revealing alleged violations is unjust and is not tolerated by the FCC. See In the Matter of Request for Review of the Decision of the Universal Service Administrator by Academy of Careers and Technologies, et al., CC Docket No. 02-6, SLD-418938, ¶6 (2006), wherein the FCC determined that USAC should not issue summary denials of request for funding. Instead, USAC should provide the specific information used to determine the basis for the denial thereby providing the applicants an opportunity to provide comprehensive responses to USAC's arguments.

to repay all or some of the funds disbursed in error (if any)." (Emphasis added). See Exhibit I. See also Exhibit F and O.

ARGUMENTS

- 34. As a preliminary matter, the District would like to address a clear discrepancy in USAC documents. On February 14, 2011, Sharron Bills, former District E-Rate Coordinator and current District Director of Curriculum and Federal Programs, received two similar letters from USAC. The First was the District Letter. *See* Exhibit I. *See also* Exhibit F and O. The District Letter indicated that FY2008 Form 471 Application Number 619342 committed funds in the amount of \$152,987.84 in violation of Program rules. The District Letter stated, "USAC has determined *the applicant* is responsible for all or some of the violations. Therefore, *the applicant* is responsible to repay all or some of the funds disbursed in error (if any)." (Emphasis added). Finally, the District Letter states "Funds to be Recovered from *Applicant*: \$152,987.84." (Emphasis added).
- 35. The second letter was a copy of the Trillion Letter from USAC to Virginia Bryant. See Exhibit J. See also Exhibit F and O. The Trillion Letter also indicated that FY2008 Form 471 Application Number 619342 committed funds in the amount of \$152,987.84 in violation of Program rules. The Trillion Letter stated, "USAC has determined the service provider is responsible for all or some of the program rule violations. Therefore, the service provider is responsible to repay all or some of the funds disbursed in error (if any)." (Emphasis added). The Trillion Letter went on to say, "Funds to be Recovered from Service Provider: \$152,987.84." (Emphasis added).

- 36. The unmistakable difference in the two letters is troubling. First, the District Letter lays responsibility for the alleged Program rule violations on the District, however, the Trillion Letter lays blame on Trillion. Possibly the most disturbing discrepancy in the two letters, is that the District Letter states "Funds to be Recovered from *Applicant:* \$152,987.84", while the Trillion Letter states, "Funds to be Recovered from *Service Provider*: \$152,987.84." (Emphasis added).
- 37. It appears as though USAC is preparing to recover over \$150,000.00 from the District while simultaneously attempting to recover the same amount (and for the same reason) from Trillion. The District is baffled by USAC's attempt to extract payment from both it and Trillion. In attempting to justify the reasons for sending two different letters, there are two plausible alternatives. Either, USAC is careless in its attempt to recover vast amounts of funds, or USAC sent the letters in a strategic attempt to force the District and Trillion to become adversarial.
- 38. Because of the discrepancies in the two Letters, the appropriate appellate procedure is not readily apparent. However, the District is keenly aware of the financial and procedural ramifications if it does not appeal a USAC determination. As such, the District is filing this appeal to the FCC based on the accusations in both the District Letter as well as the Trillion Letter.
- Issue No. 1: There was no competition in the District's bid process, and therefore no violation of Program bid rules or regulation when it selected a service provider because Trillion was the only vendor to submit a proposal.
- 39. As previously stated, the District desired Additional Services. The District's available bandwidth, however, was insufficient to accommodate the Additional Services. On

or about November 15, 2007, the District filed its 470 advising vendors that it sought both increased WAN and Wireless WAN and related equipment associated with the Additional Services. *See* Exhibit F.

40. The only proposal the District received came from Trillion, despite the fact that the 470 was posted to all E-Rate approved vendors on the USAC website. *See* Exhibit F and O. No other service providers responded to the District's request for the Additional Services. *See Id.* At the time, USAC competitive bid requirements stated,

[t]he applicant must conduct a fair and open competitive procurement in which a service provider is selected and products and/or services are ordered and reported on the *Services Ordered and Certification Form* (Form 471)."

* * *

"Fair" means that all bidders are treated the same and that no bidder has advance knowledge of the project information. "Open" means there are no secrets in the process- such as information shared with one bidder but not with others- and that all bidders know what is required of them.

See http://www.usac.org/sl/applicants/step03/run-open-fair-competition.aspx.

41. The District posted the 470 through USAC to all potential service providers, as required by USAC Rules. All potential bidders were treated the same and received the same information. The District only received the single bid from Trillion. See Exhibit F and O. The District waited longer than the mandatory 28-day period to execute a new service agreement with Trillion, giving other vendors ample opportunity to submit a proposal. Despite this extended time, the District received no other proposals. See Id. On February 7, 2008, well outside the Allowable Vendor Selection Date of December 13, 2007, the District signed the 2008 Trillion Service Agreement and various Product Addendums for all services

associated with the WAN, internet access and voice over IP telecommunication service for the entire District, including the new high school. *See* Exhibit F and O.

- 42. The District conducted a "fair and open" procurement process. All potential vendors received the same information and had the same opportunity to respond. But, by default, there was no competition; Trillion was the only vendor to respond. Therefore, it was the only vendor that the District could consider. As such, even if attending the Customer Appreciation Dinner (as alleged by USAC in the First Proposed Denial, *see* Exhibit D) could be considered a "valuable gift," there can be no conflict of interest and no violation of the Commission's bid rules occurred if there was no one to compete with Trillion.
- Assuming, for arguments sake, that attending the Customer Appreciation Dinner was a violation of Program bid rues, which the District denies, neither the District nor Trillion received any benefit from this apparent mistake. In a recent FCC decision, the Commission found that when the underlying policy of ensuring service providers a fair opportunity to bid on services is not compromised, there is no actual harm to the competitive bidding process. In the Matter of Request for Review of the Decision of the Universal Service Administrator by Green Bay Area Public School District, CC Docket No. 02-6, SLD-681595, 692800, 681544, ¶ 1 (2010). There is no evidence that this alleged misconduct caused "actual harm," or inured to the detriment of any other service provider, and there is no evidence that the District committed any fraud, waste, or abuse, or participated in an unfair bid process. USAC's Notification should be withdrawn and reimbursement for Form 471 #619342 should not be required. Id.

Issue No. 2: The District complied with Program bid rules regarding a fair and open competitive bidding process as well as Texas statutes on the acceptance and reporting of gifts.

44. While USAC is proposing to recover \$152,987.84 in Federal funds for allegedly "engaging in non-competitive bidding practices in violation of program rules," USAC failed to inform the District of, or even identify, such Program rules.

45. The applicable bid requirements relating to a fair and open competitive procurement process are so vague and overbroad as to be almost meaningless with respect to The Commission recognized this deficiency when, in May 2010, it receipt of meals. submitted a Notice of Proposed Rulemaking which addressed this exact issue. According to the Commission, "[a]lthough the commission has held in numerous orders that the competitive bidding process must be fair and open, there is currently no codified Commission rule specifically requiring that the competitive bidding process be conducted by an E-rate application in a fair and open manner." In the Matter of School and Libraries Universal Service, 25 F.C.C.R. 6872, 6883 (2010). (Emphasis added). The Commission went further to state that if USAC's proposed competitive bidding rules were to be codified, the Commission would provide illustrative guidance on conduct that would violate the rule. Id. At the time of the alleged violation, USAC guidelines were completely void of such illustrations. USAC provided no guidance on what would constitute a violation of competitive bidding practices, and USAC cannot expect the District to adhere to a rule that did not exist when the alleged violation occurred. To enforce such a rule under the facts presented surely violates any reasonable notion of equity, fair play or substantial justice.

46. On December 3, 2010, the Commission published new competitive bidding guidelines in 47 C.F.R. §54.503. These guidelines require USAC to utilize similar guidelines as other federal agencies. Specifically, §54.503(d) now states that service providers may not offer or provide any gift unless it is an "item with little intrinsic value intended solely for presentation, and *items worth \$20 or less, including meals.*" (Emphasis added). 47 C.F.R. §54.503(d).

47. Even if USAC applies these new Commission guidelines retroactively to the matter at hand, USAC cannot prove that the District failed to conduct a fair bid process.⁵ While Trillion may be considered a prohibited source for a District employee's meal, the critical inquiry is the actual cost of the Customer Appreciation Dinner. USAC claims each dinner cost \$32.32. However, USAC has not provided the District any evidence, and there is presumably no evidence in the record, to support this cost as it pertains to these specific District employees. Apparently, USAC took the entire bill for the Customer Appreciation Dinner, which was attended by dozens of current "customers" and divided the total cost by the number of attendees present to arrive at an estimated cost of \$32.32 for each meal provided. The difference between the estimated cost of the dinner (\$32.32) and the allowable maximum gift under Commission guidelines (\$20.00) may seem trivial. The difference of

-

⁵ The District is not advocating that the Commission's competitive bidding rules be applied retroactively to the case at bar. To the contrary, it should not. Rather, the District's reference to these rules demonstrates the unreasonableness of USAC's position because it cannot prove that the District violated the stricter Commission bidding rules, much less the overly broad and vague rules in place at the time, which USAC purports the District violated.

\$12.32 per meal, however, is the determining factor in whether USAC rescinds \$152,987.84.⁶ The District maintains that the record does not contain any evidence that any District employee exceeded the maximum \$20.00 gift amount. USAC's estimated meal cost is much too speculative to prove that the District violated any Program bid rule. Since USAC failed to meet its burden of proof, the FCC should withdraw USAC's Notification. In the alternative, the District did not learn that the alleged violation was the basis for rescinding Form 471 #619342 until February 14, 2011, and it (or its employees) is ready, willing, and able to reimburse Trillion for the total amount USAC claims the dinners cost, \$96.96.

- 48. In light of the vacuum created by the lack of USAC regulations as it pertains to receipt of meals, USAC should look to Texas law for direction, as that was the only guidance available to the District when the alleged violation occurred. Texas Local Government Code, Chapter 176, establishes guidelines relating to gifts and it addresses the disclosure of certain relationships between local government officers and vendors. Tex. Loc. Gov't Code Chapter 176, et. seq. While the employees who participated in the Customer Appreciation Dinner do not meet the definition of a local government officer to fall within the scope of Chapter 176 (see affidavit of Les Miller at Exhibit F, stating that neither Newman, Webb nor McClure had authority to approve contracts), this statute illustrates that the District complied with the Texas conflict of interest statute, even if it did not fully apply.
- 49. This statute requires a local government officer to file a disclosure statement if a vendor or potential vendor has provided the local government officer with one or more gifts

⁶ Also at issue is approximately \$170,083.36 as set out in the First Appeal and \$172,038.24 in the Second Appeal, all founded on this same purported violation. The total potential effect on the District to date for attending the Trillion dinner is approximately \$495,109.44.

that have an aggregate value of more than \$250.00 within one (1) calendar year. Tex. Loc. Gov't Code \$176.003(a)(1) and (2). There is an exception to this disclosure requirement if "the gift is food, lodging, transportation, or entertainment accepted as a guest." Tex. Loc. Gov't Code \$176.003(a-1). (Emphasis added). The Texas Ethics Commission has determined that in order to accept something as a guest, "the donor must be present." Op. Tex. Ethics Comm'n No. 130 (1993).

50. Despite the fact that District employees attending the Trillion Dinner were not obligated to adhere to this statute, they and Trillion have complied with the law and also fall within its exception. The Customer Appreciation Dinner, with a purported cost of \$32.32 per person (\$96.96 for all three District employees), is well under the Texas statutory maximum In addition, Trillion representatives were present at the Trillion Dinner. Therefore, the Trillion Dinner also falls under the exception in that Newman, McClure and Webb accepted the meal as a guest of Trillion. See Exhibit N and Affidavits of Rhenea Webb and Vanessa McClure attached hereto and incorporated by reference as Exhibits U and V. respectively. The District has been diligent in its efforts to adhere to the guidelines surrounding acceptance of gifts. The Commission acknowledged that USAC's rules in this arena at the time were vague, at best. There is no evidence that the District failed to meet the standards set for federal government employees, and it has complied with the applicable guidelines created by the state of Texas for public officials. The FCC should withdraw USAC's Notification and not seek reimbursement of the funds already committed on behalf of the District.

- Issue No. 3: Even if the District was engaged in a competitive bid process to select a service provider, no conflict of interest arose because the employees attending Trillion's Dinner provided no input and had no influence over the District's decision to select Trillion as its service provider.
- Director at the time, received an invitation via email from Chuck Browning, Client Relations Manager at Trillion, Inc., inviting her to a "Trillion Customer Dinner" on Tuesday, February 5, 2008. See Exhibit N. Trillion held the Dinner during the Texas Computer Education Association (TCEA) Conference in Austin, Texas. Three Dimmitt ISD employees attended the TCEA Conference: Karen Newman, Rhenea Webb (Dimmitt ISD Computer Lab paraprofessional), and Vanesa McClure (Assistant Technology Director). Ms. Newman told Mr. Browning on January 21, 2008 that the three conference attendees would attend the Customer Appreciation Dinner. See Id. Ms. Newman, Ms. Webb, and Ms. McClure went directly from the convention to the Dinner. Guests were allowed to choose their own entrée. (See affidavits of Newman, Webb, and McClure Exhibits N, U and V. Trillion did not discuss business at this dinner, nor did it attempt to promote any services. See Id.
- 52. None of these employees had authority or influence over the decision of the District's Board of Trustee's to choose Trillion to provide the Additional Services. *See* Exhibit F. In addition, these employees did not have authority to approve a service provider contract (with Trillion or any other service provider). *See* Exhibit F and Attachment 1 thereto. In fact, none of these employees attended the February 6, 2008 Board meeting when the 2008 Trillion Service Agreement and Product Addendums were approved by the Board. *See Id.*

- 53. It is important to reconcile a potential irregularity in documents which may have been considered by USAC in its decision to attempt recovery of dispersed funds as set out in the Notification. On June 12, 2009, USAC sent the District a "Request for Information Concerning Trillion Partners, Inc. Funding Request Numbers on the FCC Form 471 Application Numbers 388487, 452451, 529431, 564550, 619342, 663273." See Exhibit B and O. This letter was sent directly to Sharron Bills, who was by then the District's Federal Programs Director. Among other items, this request asked Ms. Bills to provide a "list of all gifts-including monetary gifts-offered or provided by Trillion Officers/employees to any staff member" as well as a "list of all meal, entertainment, and/or trips offered or provided by Trillion officers/employees to any staff member." See Id.
- 54. Ms. Bills responded by stating, "I have never received any gift of any sort from Trillion," and "I have never been provided or offered meals, trips, or entertainment by Trillion." *See* Exhibit B and O. While these answers may not be entirely responsive to the question posed, they are truthful; she did not personally receive any gift or meal from Trillion. Further, Ms. Bills was completely unaware that three (3) employees attended the Customer Appreciation Dinner during the TCEA Conference, as no such event had occurred before. *See* Exhibit B, F and O. *See also* Issue No.4, *infra*. Ms. Bills' statements were not meant to deceive, nor did she intend to be evasive in her response. Instead, this was her belief as she recalled the circumstances at the time. B and O. Unfortunately, USAC never sought clarification from the District on this discrepancy, and the District did not become aware of this error until it was preparing its First Response to USAC's First Proposed Denial.

55. Because Karen Newman, Rhenea Webb, and Vanesa McClure were not in a position of authority at the time of the Customer Appreciation Dinner, and because they had no influence over the decision to select Trillion as a service provider for the Additional Services (*See* Exhibit F) there was no conflict of interest and the District did not violate the Program's competitive bid rules. The FCC should withdraw USAC's Notification and not seek reimbursement of the funds already committed on behalf of the District.

Issue No. 4: Even if the District was engaged in a competitive bid process to select a service provider, no violation of any competitive bid rules or regulations occurred because attending Trillion's Dinner does not constitute a "valuable gift" to support a conflict of interest.

"valuable gift." *See* Exhibit I. USAC does not define a "valuable gift" as it relates to the bidding process, so other sources must be considered when ascertaining the meaning of "valuable gift." Black's Law Dictionary states that "valuable" is "[w]orth a good price; having financial or market value" BLACK's LAW DICTIONARY 1586 (8th ed. 2004). "Gift" is defined as, "the voluntary transfer of property to another without compensation." BLACK's LAW DICTIONARY 709 (8th ed. 2004). Case law also provides some guidance as to what is considered a "valuable gift." A "valuable gift" can include "Rolex watches, furniture, and business suits." *U.S. v. Josleyn*, 99 F.3d 1182, 1186 (1st Cir. 1996). It can also include "attendance at an NBA All-Star weekend; payment of \$10,000; attendance at a Super Bowl and USA basketball game; and a deck worth over \$10,000." *U.S. v. Kemp*, 379 F.Supp.2d 690, 698 (E.D.Pa. 2005). USAC claims that a meal provided by Trillion (with an estimated cost of \$32.32) equates to a "valuable gift."

- 57. The FCC has considered what constitutes "valuable consideration" in connection with Section 508 of the Communications Act (*i.e.*, "payola"). See In Re Kaye-Smith Enterprises, et al., 71 F.C.C.2d 1402 (May 29, 1979); 1979 WL 44236 (F.C.C.). In this decision, the FCC looked at three (3) situations of claimed "payola": (i) the attendance by three (3) radio station employees, including the station manager, at a party given by a record promoter; (ii) lodging accepted by a radio station employee provided by another record promoter; and, (iii) a coffee service provided to the radio station, worth approximately \$35 per week. The FCC noted that in order to constitute "payola" the gift must be given with the understanding, express or implied, that it is given in exchange for some material benefit. Also, the consideration must, by definition, be valuable; gifts of nominal value or social exchanges between friends are not payola. *Id.* at 1406; *citing Applicability of Sponsorship Identification Rules*, 40 Fed. Reg. 41936 (1975).
- 58. The FCC noted that the Petitioner asserting the misconduct in *In Re Kaye-Smith Enterprises*, et al. failed to meet its burden of proof because it did not provide any evidence that the alleged payola was given and or accepted with the understanding that it was given in exchange for some other material benefit; i.e., there was no proof of any quid pro quo. *Id.* Finally, the FCC held that attending a party, accepting lodging or receipt of a coffee service by the radio station was too nominal to be categorized as "valuable consideration" within the meaning of the Communications Act. *Id.*
- 59. A cursory comparison between the alleged value of the meal provided at the Trillion Dinner in question and a valuable gift as exemplified by federal case law illustrates that the value of the Trillion Dinner is too nominal for it to be considered valuable.

Additionally, USAC does not provide any evidence whatsoever that the Trillion Dinner was in exchange for insider information/advantage, or that any of the employees attending the Dinner believed that some corresponding *quid pro quo* was attached. To the contrary, this was an isolated event that was attended by employees who do not have any control, or even any influence, over the District's selection of a service provider. *See* Exhibit F. Implicitly, a Customer Appreciation Dinner is held in appreciation of a past customer/vendor relationship, not in anticipation of a future relationship. To require the District to repay funds already committed over a dinner (which the District has already shown is not a violation of the Program's competitive procurement rules) does not comport with the notions of fair play and substantial justice.

60. This is especially true considering USAC neither defined "valuable gift" for Program participants nor did District employees suspect it was improper to accept a meal from Trillion under Texas law. See Issue No. 4 infra; See also Exhibits N, U and V. USAC provided no prior guidance, counsel or warning to the District of the unintended consequence of having dinner with a vendor. See Id. The rule upon which USAC relies only speaks in terms of being "open and fair." See http://www.usac.org/sl/applicants/step03/run-open-fair-competition.aspx. There is no prohibition or even a warning about accepting gifts (much less what constitutes a "valuable gift"). As stated earlier, USAC can only speculate as to the actual cost of any benefit received by the District employees. There is no evidence as to how much each person's meal actually cost because the attendees were allowed to order from the menu. See Exhibits N, U and V. The USAC Rule applied in the Notification is impermissibly vague and overbroad.

- 61. Although never stated, USAC appears to equate *any benefit* as a receipt of a "valuable gift," and acceptance of any benefit creates a conflict of interest, *per se*. Applying this rule to its logical conclusion creates absurd results; a disposable pen with Trillion's logo, a Trillion representative providing spare change to purchase a soda from a vending machine or giving a district employee a ride home would be considered a "valuable gift." USAC's application of Program bid rules seemingly require denial of E-Rate funding if any employee of a Program participant accepts a "valuable gift" from a vendor, even if the employee has no influence or authority over the selection of the vendor who provided the alleged benefit. At best, USAC applied the Program's bid rules arbitrarily to Form 471 #619342, and at worst USAC engaged in "Pattern Analysis" as the basis for its Notification because Trillion was the service provider. *See* Issue No. 5, *infra*.
- 62. Either way, the circumstances surrounding the Trillion Dinner do not justify the Notification. The District did not commit any waste, fraud or abuse of the Universal Service Fund. See In the Matter of Request for Review of the Decision of the Universal Service Administrator by Academy of Careers and Technologies, et al., CC Docket No. 02-6, SLD-418938 (2006). The FCC should withdraw USAC's Notification and refuse to seek reimbursement of funds committed on behalf of the District.
- Issue No. 5: USAC's proposed adjustment of Form 471 #619342 is based on Pattern Analysis that violates the Commission's requirement to fairly investigate and examine whether the District actually violated competitive bidding rules.
- 63. In 2005, the Arizona Attorney General began investigating Tucson Unified School District ("TUSD") and its relationship with Trillion. Specific to that appeal, TUSD allegedly accepted gifts and gratuities from Trillion. The Arizona Attorney General accused

Trillion of antitrust, bid rigging, procurement fraud, and conflict of interest violations. As a result of this large scale investigation, in January 2009, both TUSD and Trillion entered into consent judgments with the state of Arizona. Approximately four months later, Dimmitt, along with hundreds of other districts throughout the nation, received a request from USAC seeking additional information. Trillion was the common thread between all the school districts the received a request for additional information from USAC. USAC predetermined that Trillion's alleged bad acts in Arizona were wide-spread. "Therefore pursuant to its responsibilities as administrator to avoid improper payments and to protect the USF from waste, fraud, and abuse, USAC is holding funding requests and invoices associated with Trillion pending USAC's investigation of these issues." *See* Exhibit B.

64. USAC is responsible for the E-rate Program's application process. To administer this responsibility, USAC developed a procedure to uncover competitive bidding rule violations by searching for similar language used in the Form 470. See In the Matter of Requests for Review of Decisions of the Universal Service Administrator by Colegio Nuestra Senora Del Carmen Hatillo, Puerto Rico, et al. CC Docket No. 02-6, SLD-359532 (2008) ¶ 6. This Pattern Analysis procedure "contemplates that possibility that a group of applicants, all with the same service provider, violated the competitive bidding rules." Id. The Commission has since required USAC to employ a more in-depth procedure when using Pattern Analysis to deny an applicant's funding.

[W]e find that when USAC suspects that a service provider has improperly participated in an applicant's bidding process due to the results of its "pattern analysis" procedure, it is incumbent on USAC to conduct further investigation and analysis prior to denying funding. Specifically, USAC should review these applications fully, and should not issue summary denials of requests for

funding solely because applications contain similar language. If an entity is able to demonstrate that it fully complied with all program rules and did not, for example, violate the Commission's competitive bidding rules, then USAC should not deny funding on the basis of the "pattern analysis" procedure.⁷ (Emphasis added).

See In the Matter of Request for Review of the Decision of the Universal Service Administrator by Academy of Careers and Technologies, et al., CC Docket No. 02-6, SLD-418938 (2006).

- 65. It is apparent from the volume of requests for additional information, coupled with the fact that these requests centered on a single service provider, USAC used Pattern Analysis in selecting Dimmitt ISD for further review. This may be a perfectly allowable option for USAC. The Commission, however, does not permit USAC to bypass the additional Pattern Analysis inquiry. USAC must allow the District an opportunity to demonstrate that it fully complied with all competitive bidding rules. The District assumes, although USAC has failed to produce specific evidence to support such an assumption, that USAC's "red flag" in regards to the District's relationship with Trillion was the alleged inconsistencies between statements made by Trillion and statements made by the District.
- 66. In the District's June 29, 2009 response to USAC's June 12, 2009 request for information, the District stated that no one had received a meal or gift from Trillion. It is assumed that Trillion's documents reflected otherwise. USAC could have resolved this discrepancy by simply informing the District of the inconsistency and allowing the District to "demonstrate that it fully complied with all program rules." The District never intended to be evasive in its response to the June 12, 2009 letter. No one in the District had accepted a meal

.....

or gift from Trillion, or any other service provider prior to the Customer Appreciation Dinner. The Dinner was an anomaly, not commonplace. Consequently, Ms. Bills simply relied on experience and personal knowledge in stating "I have never been provided or offered meals, trips, or entertainment by Trillion." *See* Exhibit C and O.

67. The District has shown that it complied with all USAC rules and Texas statutes in effect at the time of the Dinner regarding the acceptance of meals. Therefore, the District believes that the catalyst of USAC's denial centers on the discrepancies between statements of the District and Trillion. If this is the case, USAC failed to adhere to the Commission's requirement to provide the District an opportunity to resolve the discrepancy and "demonstrate that it fully complied with all program rules and did not... violate the Commission's competitive bidding rules." The Commission should direct USAC to withdraw its Notification of Commitment Adjustment Letter and cease all attempts to seek reimbursement of funds committed to the District through funding application FY2008 Form 471 #619342.

Issue No. 6: Because USAC waited three years before asserting a violation of its competitive bidding rules, Form 471#619342 may not be adjusted under the equitable doctrines of laches, estoppel or waiver.

68. The equitable doctrines of laches, estoppel and waiver all operate to bar consideration of the merits of a claim when the claimant has neglected to pursue said claim for an unreasonable time period. *See In the Matter of Communique Telecommunications, Inc.*, 14 F.C.C.R. 13635, 13650 (1999); *In re Gold*, 375 B.R. 316, 334 (Bankr. N.D. Tex.

2007). Courts recognize that the passage of time may be prejudicial to a defendant, thereby resulting in injustice. *Baptist Physician Hosp. Org., Inc. v. Humana Military Healthcare Services Inc.*, 481 F.3d 337, 353 (6th Cir. 2007). In order to prevail on such an equitable claim, the District must show that the long delay in commencing the action caused it harm. *Id.* USAC's delay and failure to inform the District of the alleged bid violation will harm the District significantly.

69. The basis of USAC's Proposed Rescission is a meal, which occurred over three (3) years prior to the Notification. More than a year following the Trillion Dinner passed before USAC informed the District of the potential issues surrounding its involvement with Trillion. See Exhibit C. Further, USAC did not provide the District with an opportunity to clarify its answers to the June 12, 2009 questions regarding the District's relationship with Trillion. See Exhibit C and O. The District has extended its contractual obligation with Trillion to 2013 (See Exhibit R), expanded its technological service and, most importantly, obligated itself to several hundred thousand dollars in fees to Trillion. If, as early as June 12, 2009, USAC suspected that the Customer Appreciation Dinner was "fruit of

BLACK'S LAW DICTIONARY, 6th Ed., p. 875, citing Wooded Shores Property Owner's Assoc. Inc. v. Matthews, 345 N.E. 2d 186, 189. (Ill. App. 1976). "Estoppel is a bar or impediment which precludes allegation or denial of a certain fact or state of facts, in consequence of previous allegation or denial or conduct or admission, or in consequence of final adjudication of the matter in a court of law. It operates to put [a] party entitled to its benefits in [the] same position as if [the] thing represented were true." BLACK'S LAW DICTIONARY, 6th Ed., p. 551, citing May v. the poisonous tree," thereby voiding the entire multi-year Trillion Contract, it should have acted sooner so that the District could mitigate its losses.

Notification Letter, the District continued services with Trillion. As a result, the District is in jeopardy of losing the amount equal to the District's FY2009 E-Rate funding request, the District's FY2010 E-Rate funding request, as well as the funds already paid as identified in USAC's funding adjustment for Form 471 #619342. This is an insurmountable debt for a small, rural district. If USAC, through due diligence, had informed the District of this alleged competitive bidding violation promptly, the District may have been able to reevaluate its relationship with Trillion and mitigate damages. The District is financially harmed and prejudiced by USAC's delay in asserting an alleged violation of competitive bid laws so long after the date the District received an approved FCDL for Form 471 #619342. As such, the principals of equity dictate that USAC should withdraw its Notification.

PRAYER

WHEREFORE, Dimmitt Independent School District respectfully requests the Commission find that no violation of Program bid rules or regulations occurred, and direct USAC to withdraw its Notification of Commitment Adjustment Letter and cease all attempts to seek reimbursement of funds committed to the District through funding application FY2008 Form 471 #619342. Or, in the alternative, Dimmitt Independent School District respectfully requests the Commission find that there is sufficient evidence of extenuating

⁹ As stated earlier, USAC has recently denied funding for FY 2009 Form 471 #663273 in the amount of \$170,083.26 as well as funding for FY2010 Form 471 #733584 in the amount of \$172,038.24.

Re: Response to Denial of Application Number(s): FY2009 Form 471, No. 663273, FRN 1811096

Dear Ms. Portanova:

The District has received your letter of June 3, 2010 regarding the denial of the above application for e-rate funding. Please be advised that the District vigorously objects and denies the allegation that it engaged in non-competitive bidding practices in violation of e-rate program rules. The District is in the process of preparing a formal response to your letter, and has retained the Underwood Law Firm, and specifically Fred Stormer, to assist it in this matter. Please feel free to openly communicate with Mr. Stormer and the Underwood Law Firm concerning the District's response and/or any information you or Mr. Stormer may need.

Also, the District's Superintendent, Les Miller, is out of town for this week and is unavailable to help prepare the District's response. Mr. Miller is the individual who has the most knowledge in the District about the e-rate funding program and the related agreements with Trillion Partners, Inc. Therefore, I respectfully request that the June 18, 2010 response deadline be extended and continued for at least 15 days so that Mr. Miller can fully contribute to the District's response.

Thank you for your cooperation and prompt attention to this matter.

Sincerely,

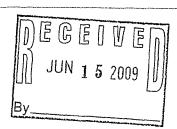

Sharron Bills, Federal Programs Director

Re: Request for Information Concerning Trillion Partners, Inc. Funding Request Numbers on the FCC Form 471 Application Numbers Listed Above

Dear Sharron Bills:

The Universal Service Administrative Company (USAC), the administrator of the federal universal service support mechanism for schools and libraries (known as the E-Rate program), is responsible for ensuring that E-Rate program funding is disbursed in compliance with the Telecommunications Act of 1996¹ and Federal Communications Commission (FCC) regulations and orders governing the program.² In addition, USAC has a fiduciary duty to protect the Universal Service Fund and the universal service support mechanisms (collectively, the USF) from waste, fraud, and abuse.³

Trillion Partners, Inc. (Trillion), one of your current or prior service providers, was named as one of several defendants in a complaint brought by the State of Arizona (Arizona) alleging antitrust, bid rigging, procurement fraud, and conflict of interest violations of Arizona law. The complaint alleges that, among other things, Trillion, which submitted a bid related to Tucson Unified School District (TUSD) E-Rate program applications, obtained inside information from TUSD's E-Rate program consultant – E-Rate Consulting Services, LLC (ERC); and provided gifts and gratuities to TUSD administrators and employees involved in the competitive purchasing and procurement processes in violation of applicable requirements. Both Trillion and TUSD have settled the case and entered into consent judgments with Arizona.

Although Trillion has settled the Arizona complaint, the issues identified in the complaint raise concerns as to whether funding requests associated with Trillion are in compliance

¹ The Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat 56 (1996 Act), amended the Communications Act of 1934.

² See generally, 47 U.S.C. § 254; 47 C.F.R. § 54.500 et seq.

with the Telecommunications Act of 1996 and the FCC's implementing regulations and orders governing the E-Rate program. Therefore, pursuant to its responsibilities as administrator to avoid improper payments and to protect the USF from waste, fraud and abuse, USAC is holding funding requests and invoices associated with Trillion pending USAC's investigation of these issues.⁵

Below is an overview of the FCC's rules governing the E-Rate program, the issues identified in the Arizona case, and USAC's request for information from your entity.

I. Trillion's Participation in the E-Rate Program and the State of Arizona's Claims

The complaint alleges that, among other things, Trillion obtained inside information from TUSD's E-Rate program consultant and provided gifts and gratuities to TUSD administrators and employees involved in the competitive purchasing and procurement processes.

In the consent judgment, the Attorney General contends that Trillion and its employees

- a. conspired with [E-Rate Consulting] to restrain intrastate trade and influence the bidding process in favor of Trillion by communicating verbally and in writing, before and during the District's procurement process, regarding the District's ROI analysis and RFPs, agreeing to work together to ensure both Trillion and ERC obtained District contracts, agreeing to influence the District's RFPs to give Trillion an advantage over other prospective vendors;
- b. conspired with [TUSD] Defendants . . . to restrain intrastate trade and influence the bidding process by communicating verbally and in writing, both before and during the District's procurement process, regarding the District's ROI analysis, its plans for telecommunications and technology projects (WAN and VoIP), and its RFPs, agreeing to evade statutes, rules and policies on competitive purchasing and procurement processes, agreeing to ensure that Trillion would be awarded a District contract;
- c. had improper contact and communication with other [TUSD] employees before and during competitive purchasing and procurement processes;
- d. provided gifts and gratuities to [TUSD] employees; and

e. denied the [TUSD] the benefit of free and open competition.⁶

Trillion states in the consent judgment that it disputes and denies any liability for the violations outlined above.

II. Federal Communications Commission's Rules

Fundamental Competitive Bidding Requirements. In preparing requests for funding, applicants seeking discounted services through the E-Rate program must follow certain competitive bidding requirements. After preparing a technology plan, an applicant initiates the competitive bidding process by submitting an FCC Form 470 to USAC for posting on the USAC website. This posting enables prospective service providers to bid on the equipment and services for which the applicant will request universal service support. After the FCC Form 470 has been posted, the applicant must wait at least 28 days before entering into agreements with service providers (to provide one or more of the services and/or products listed above), must comply with all applicable state and local procurement laws, and must comply with the other competitive bidding requirements established by the FCC. If an applicant chooses to issue a request for proposals (RFP) or is required to issue an RFP under applicable state and local procurement laws, the RFP must also be available for at least 28 days.

The FCC's rules require a fair and open competitive bidding process that is free from conflicts of interest. Under the Commission's rules, service providers may not participate in the bidding process other than as bidders because, as the Commission has ruled, "direct involvement in an application process by a service provider would thwart the competitive bidding process." Communications between applicants, their consultants, and service providers that unfairly influence the outcome of the competition, provide inside information, or allow the provider to unfairly compete taints the competitive process. USAC guidance provides in relevant part as follows:

The competitive bidding process must be fair and open. "Fair" means that all bidders are treated the same and that no bidder has advance knowledge of the project information. "Open" means there are no secrets in the process, such as information shared with one bidder but not with others, and all bidders know what is required of them. The [FCC] Form 470 or the RFP should be clear about the products, services, and quantities the applicant is seeking.

In order to be sure that a fair and open competition is achieved, any marketing discussions held with service providers must be neutral, so as not to taint the competitive bidding process. That is, the applicant should not have a relationship with a service provider prior to the competitive bidding that would unfairly influence the outcome of a competition or would furnish the service provider with "inside" information or allow it to unfairly compete in any way.¹¹

FCC rules also require applicants to select the most cost-effective service offering and require applicants to certify that "[a]ll bids submitted were carefully considered and the most cost-effective bid for services or equipment was selected, with price being the primary factor considered, and is the most cost-effective means of meeting educational needs and technology plan goals." This requirement applies even if an applicant received only one bid. ¹³

<u>USAC Obligation to Recoup Improperly Disbursed Funds</u>. FCC rules require USAC to rescind funding commitments in all or part and recover funds when USAC learns that funding commitments and/or disbursements of funds were inconsistent with the Telecommunications Act of 1996 and FCC regulations and orders. ¹⁴ In particular, FCC rules require USAC to "recover the full amount disbursed for any funding requests in which the beneficiary failed to comply with the Commission's competitive bidding requirements as set forth in section 54.504 and 54.511 of [the FCC's] rules and amplified in related Commission orders."¹⁵

II. Request for Information and Documentation

Given the concerns noted above, USAC requires information from you to determine whether your funding requests associated with Trillion are in compliance with the FCC's rules governing the E-Rate program.

- 1. For each of the Funding Request Number(s) (FRN) associated with Trillion on the FCC Form 471 applications listed above, please answer the questions and provide the documentation listed below. Please provide this information regardless of whether the FRN was originally associated with Trillion Partners or with Trillion Digital Communications:
 - a. Indicate, for each FRN, whether an E-Rate program consultant assisted you in any manner with regard to the FRN. If any assistance was provided, indicate the name of the consultant, whether you entered into a written agreement with the consultant, and provide a description of the assistance. Provide a copy of any written agreement that you entered into with any E-Rate program consultant related to these FRNs. To the extent you do not have responsive information, specify that in your response.
 - b. Copies of all communications between any member of your staff, any E-Rate program consultant and any Trillion officer/employee related to the agreement (whether the agreement is a contract, or is Tariff or Month-to-Month) upon which each FRN relies. These communications must include any and all written correspondence, including call logs and memorializations of verbal conversations, that occurred starting prior to the posting of the relevant FCC Form 470 through the signing of the agreement with Trillion. This request specifically includes any and all communications regarding your anticipated E-Rate program services prior to the posting of any FCC Form 470 or finalization of any Request for Proposal (RPF) or similar document. To the extent you do not have responsive information, specify that in your response.
 - c. List of all gifts including monetary gifts offered or provided by Trillion officers/employees to any staff member, including a description of the gift, to whom it was offered/provided, when it was offered/provided, and its value. To the extent you do not have responsive information, specify that in your response.
 - d. List of all meals, entertainment and/or trips offered or provided by Trillion officers/ employees to any staff member including a description of the meals, entertainment and/or trips, to whom it was offered/provided, when it was offered/provided, and its value. To the extent you do not have responsive information, specify that in your response.
- 2. List of all E-Rate program seminars, workshops, etc. any of your staff members have attended that were sponsored in whole or in part by Trillion, including the date, location, attendees, the agenda and copies of any and all materials made

available and/or presented at the seminar. To the extent you do not have responsive information, specify that in your response.

Conclusion

It is USAC's goal for you to continue to realize the benefits of the E-Rate program for your students. However, in light of the issues raised in the complaint, to ensure that funding is disbursed in compliance with applicable law, and to protect the USF from waste, fraud and abuse, USAC must investigate whether funding requests associated with Trillion are in compliance with program rules. Please also be advised that responses you provide in addressing the matters identified in this letter may result in follow-up information requests by USAC.

I appreciate your immediate attention to these important matters and request your complete response within 15 days of the date of this letter. Please send your response via e-mail, fax or mail to:

If USAC is being billed via the FCC Form 472, the applicant pays the service provider in full (the non-discount plus discount portion) and then seeks reimbursement from USAC. If you are using a trade-in as part of your non-discount portion, please refer to our website for more information.

NOTICE ON RULES AND FUNDS AVAILABILITY

Applicants' receipt of funding commitments is contingent on their compliance with all statutory, regulatory, and procedural requirements of the Schools and Libraries Program. Applicants who have received funding commitments continue to be subject to audits and other reviews that USAC and/or the FCC may undertake periodically to assure that funds that have been committed are being used in accordance with all such requirements. USAC may be required to reduce or cancel funding commitments that were not issued in accordance with such requirements, whether due to action or inaction, including but not limited to that by USAC, the applicant, or the service provider. USAC, and other appropriate authorities (including but not limited to the FCC), may pursue enforcement actions and other means of recourse to collect improperly disbursed funds. The timing of payment of invoices may also be affected by the availability of funds based on the amount of funds collected from contributing telecommunications companies.

- 7. In May, 2007, the District passed a bond issue to, among other things, build a new high school. The new high school was scheduled to open in August, 2009. The high school would need to be connected to the District's WAN and have full internet and voice over IP telephone service. The District also wanted the same WAN connectivity with full internet and telecommunication services at all other District locations that had not yet been connected (collectively the 'Additional Services').
- 8. When the District researched obtaining these Additional Services, it realized that its current WAN, as well as its internet access and voice over IP telephone service, were utilizing all available bandwidth. In order for the District to acquire the Additional Services,

it would have to increase its bandwidth. This was especially true in light of the new high school that was soon to be built.

- 9. On or about November 15, 2007, the District posted its Form 470 for FY 2008-2009 indicating its desire for the Additional Services (the '470').
- 10. Trillion was the only service provider to submit a response, which proposed additional equipment and services to the existing Trillion Contract. No other service providers responded to the District's 470.
- 11. For this funding year, USAC established a Form 471 filing deadline of February 7, 2008. Therefore, in order to be eligible for an E-Rate reimbursement, a Board meeting was needed to approve a service provider contract for the Additional Services no later than February 6, 2008.
- 12. On February 1, 2008, a notice and agenda of the February 6, 2008 Board meeting was posted at the District's administration building located at 608 West Halsell, Dimmitt, Texas, which included the agenda item: 'Consider contracting with Trillion to provide Wide Area Network (WAN), internet access, and Voice over IP system services for the district for the 2008-2009 school year.'
- 13. The Board met on February 6, 2008 at 12:00 p.m. Trustees present were David Schaeffer, Robert Woolbright, Rick Wright, Barbara Bain, Mary Helen Flores, Greg Odom and Chevo Lumbrera. George Rasor, Max Newman, Vicki Eaton, Doricell Davis, Sharron Bills and myself were the administrators who attended.

- 14. At the meeting, I explained to the Board that Trillion was the only service provider who submitted a proposal in response to the 470. I recommended that the Board approve Trillion's proposal to increase the District's bandwidth, provide a WAN, internet access and voice over IP telephone services for all current District facilities and the new high school.
- 15. I did not solicit, nor was I provided any input from Karen Newman, Vanesa McClure or Rhenea Webb concerning which service provider to select for the Additional Services. Neither Karen Newman, Vanesa McClure, nor Rhenea Webb has any contract approval authority. *See* Dimmitt Independent School District Organizational Chart relating to E-Rate Program discussions, attached hereto as Attachment 1.
- 16. I based my recommendation to select Trillion on the District's immediate need for the Additional Services and the fact that Trillion was the only service provider that submitted a proposal. I was not aware that Karen Newman, Vanesa McClure or Rhenea Webb attended a Trillion customer appreciation dinner the night before the Board meeting when it selected Trillion as a service provider.
- 17. The Board deliberated regarding the feasibility of the single proposal submitted in response to the 470. The Board ultimately selected Trillion to provide the WAN, internet and voice over IP telephone system services for the entire District for 2008 through 2013, and authorized me to sign a new service agreement and related product addendums.

- 18. Because the District needed Additional Services for the new high school and other locations, significant new equipment was required throughout the District. After Trillion was selected by the Board, it advised the District that a new service agreement with multiple product addendums was needed because such additions would be considered more than a 'minor amendment' to the existing Trillion Contract.
- 19. On February 7, 2008, I signed a service agreement and related product addendums with Trillion for the Additional Services.
- 20. Neither I nor any District employee has ever been offered or accepted any personal benefit from Trillion. Other than the three (3) District employees who attended the Trillion customer appreciation dinner on February 6, 2008, I am not aware of any District employee or officer ever receiving a benefit from Trillion.
- 21. On or about June 3, 2010, the District received USAC's Notice of Proposed Denial for Form 471#663273, FRN 1811096 (FY 2009).
- 22. On or about September 13, 2010, the District received a Letter of Proposed Denial of 471#733584, FRN 1983786 for funding for FY2010.
- 23. On or about September 15, 2010, the District received the First Funding Commitment Decision Letter denying the District's entire E-Rate funding for Form 471#663273, FRN 1811096 (FY2009).
- 24. The District filed its response to this Proposed Denial on October 8, 2010 via email.

25. On or about November 12, 2010, the District filed its First Request for Review with the Commission regarding the denial of funding for Form 471 Application Number 663273.

26. On or about November 23, 2010 the District received a Funding Commitment Decision Letter denying 471#733584, FRN 1983786 (FY2010).

27. On or about January 21, 2011, the District filed its appeal of USAC's November 23, 2010 Funding Commitment Decision Letter.

28. On or about February 14, 2011, the District received USAC's Notification of Commitment Adjustment Letter to the District regarding a need for a funding adjustment for the District's Form 471 #619342, FRN 1705900 (FY2008).

29. On or about February 14, 2011, the District received a copy of USAC's separate Notification of Commitment Adjustment Letter to Trillion regarding a need for a funding adjustment for the District's Form 471 #619342, FRN 1705900 (FY2008).

Applicants are required to pay the non-discount portion of the cost of the products and/or services to their service provider(s). Service providers are required to bill applicants for the non-discount portion. The FCC stated that requiring applicants to pay their share ensures efficiency and accountability in the program. If USAC is being billed via the FCC Form 474, the service provider must bill the applicant at the same time it bills USAC. If USAC is being billed via the FCC Form 472, the applicant pays the service provider in full (the non-discount plus discount portion) and then seeks reimbursement from USAC. If you are using a trade-in as part of your non-discount portion, please refer to our website for more information.

NOTICE ON RULES AND FUNDS AVAILABILITY

Applicants' receipt of funding commitments is contingent on their compliance with all statutory, regulatory, and procedural requirements of the Schools and Libraries Program. Applicants who have received funding commitments continue to be subject to audits and other reviews that USAC and/or the FCC may undertake periodically to assure that funds that have been committed are being used in accordance with all such requirements. USAC may be required to reduce or cancel funding commitments that were not issued in accordance with such requirements, whether due to action or inaction, including but not limited to that by USAC, the applicant, or the service provider. USAC, and other appropriate authorities (including but not limited to the FCC), may pursue enforcement actions and other means of recourse to collect improperly disbursed funds. The timing of payment of invoices may also be affected by the availability of funds based on the amount of funds collected from contributing telecommunications companies.

Our routine review of Schools and Libraries Program (Program) funding commitments has revealed certain applications where funds were committed in violation of Program rules.

In order to be sure that no funds are used in violation of Program rules, the Universal Service Administrative Company (USAC) must now adjust your overall funding commitment. The purpose of this letter is to make the required adjustments to your funding commitment, and to give you an opportunity to appeal this decision. USAC has determined the applicant is responsible for all or some of the violations. Therefore, the applicant is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for USAC to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of that letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." The FCC's Red Light Rule requires USAC to dismiss pending FCC Form 471 applications if the entity responsible for paying the outstanding debt has not paid the debt, or otherwise made satisfactory arrangements to pay the debt within 30 days of the notice provided by USAC. For more information on the Red Light Rule, please see "Red Light Frequently Asked Questions (FAQs)" posted on the FCC website at http://www.fcc.gov/debt_collection/faq.html.

FUNDING COMMITMENT ADJUSTMENT REPORT

On the pages following this letter, we have provided a Funding Commitment Adjustment Report (Report) for the Form 471 application cited above. The enclosed Report includes the Funding Request Number(s) from your application for which adjustments are necessary. See the "Guide to USAC Letter Reports" posted at http://usac.org/sl/tools/reference/guide-usac-letter-reports.aspx for more information on each of the fields in the Report. USAC is also sending this information to your service provider(s) for informational purposes. If USAC has determined the service provider is also responsible for any rule violation on the FRN(s), a separate letter will be sent to the service provider detailing the necessary service provider action.

Note that if the Funds Disbursed to Date amount is less than the Adjusted Funding Commitment amount, USAC will continue to process properly filed invoices up to the Adjusted Funding Commitment amount. Review the Funding Commitment Adjustment Explanation in the attached Report for an explanation of the reduction to the commitment(s). Please ensure that any invoices that you or your service provider(s) submits to USAC are consistent with Program rules as indicated in the Funding Commitment Adjustment Explanation. If the Funds Disbursed to Date amount exceeds your Adjusted Funding Commitment amount, USAC will have to recover some or all of the disbursed funds. The Report explains the exact amount (if any) the applicant is responsible for repaying.

AMENDMENT TO TRILLION PARTNERS, INC. SERVICES AGREEMENT

In this Amendment to Trillion Partners, Inc. Services Agreement (the "Amendment"), the following provisions replace the identical numbered paragraphs or are in addition to the paragraphs contained in the "Trillion Partners, Inc. Service Agreement" (the "Agreement") between Trillion Partners, Inc. ("Trillion") and Dimmitt Independent School District ("Dimmitt," "District," or "Customer") signed by Dimmitt's Superintendent on December 12, 2003. The following provisions become part of said Agreement for all purposes and, to the extent this Amendment conflicts with the original Agreement, this Amendment controls.

1. Paragraph 2.1 is amended as follows:

Provision of Service; License. Trillion will provide the Services as described in Exhibit "A" ("Description of Services") of the Agreement. District grants to Trillion a non-exclusive revocable license ("License") to use those parcels of real property at the Service Locations that Trillion deems necessary to install, operate and maintain certain poles and antennas thereon and to place certain buildings or enclosures thereon, and such other Equipment as Trillion determines may be necessary or compatible to provide Services to the District. In addition, the District grants to Trillion an exclusive right to install transmission cables and lines between the Equipment and between the Service Locations in connection with Trillion's use, maintenance and operation of the Equipment.

2. Paragraph 2.2 is amended as follows:

It is expressly understood that all the rights granted to Trillion under the License are irrevocable during the term of this Agreement, and any amendment thereto. As a common carrier, Trillion may make any substitutions to or modifications of the equipment as it determines may be necessary or compatible to provide services to the District.

3. Paragraph 2.3 (a) is amended as follows:

(a) <u>Installation of Equipment</u>. Trillion will install the Equipment at the Service Locations. Even if the Equipment (or any portion of the Equipment) is

or becomes physically affixed or attached in any manner to real estate at the Service Location (including any building on such real estate), the Equipment is and will remain Trillion's personal property, and Trillion may, as a common carrier, utilize the Equipment for other Customers and for internal communications for the management and maintenance of its network to provide service to the District. As such, Trillion shall be liable to the District for any damage caused by the process of installation, maintenance or removal of the Equipment on District property. At the request of Trillion, Customer will furnish a landlord or mortgage waiver with respect to the Equipment from any person claiming an interest in any personal or real property where the Equipment is located.

4. Paragraph 3.1 is amended as follows:

Access to the Services. The last sentence that states, "Customer will indemnify and hold Trillion and its officers, directors, shareholders, representatives, and employees harmless from any liability to the extent resulting from a breach of Customer's obligations under this Section," is deleted.

5. Paragraph 4.3 is amended as follows:

Taxes. Trillion and the District agree that the Equipment provided under the Agreement is necessary for the district to carry out its governmental function and fulfills a legitimate public purpose of the District, and pursuant to Texas Property Tax Code section 11.11, the District is exempt from paying personal property taxes on the Equipment. Therefore, Trillion or any assignee of the Agreement will not render the Equipment for personal property tax purposes and Trillion, or any assignee, agree that any taxes assessed against the District resulting from a rendition of the Equipment shall be paid by Trillion or any assignee, and the District shall receive proof that such taxes have been paid in full.

The first sentence of Paragraph 5.1(a) shall be amended to read as follows:

Trillion warrants that it will provide the Services described in "Exhibit A" and if

any disruption of Services occurs, Trillion will use commercially reasonable efforts to make the Services available to Customer in accordance with generally accepted standards in the industry.

- **7.** Paragraph 5.2(a) is amended as follows:
 - (a) The District represents, covenants and warrants that (1) the District is a fully constituted political subdivision, agency or public corporation of the state in which it is located; (2) the execution, delivery, and performance by the District of the Agreement, as amended, have been duly authorized by all necessary action on the part of the District; (3) the Agreement, as amended, has been executed on behalf of the District by persons who constitute duly authorized officers thereof; (4) the Agreement, as amended, constitutes the legal, valid, and binding obligation of the District enforceable in accordance with its terms; (5) the District has sufficient appropriations or other funds available to pay all accounts due hereunder for the current fiscal period when said designated funding becomes available to the District; (6) the District has obtained all services from its local exchange telephone service provider (other than Trillion) to ensure it has full access to 911 services; and (7) the District will provide the required level of electricity to each facility provided by Trillion which requires electricity.
- **8.** Paragraph 6.1 is deleted in its entirety.
- **9.** Paragraph 6.3 is deleted in its entirety.
- **10.** Paragraph 6.4 is deleted in its entirety.
- **11.** Paragraph 6.5 is deleted in its entirety.
- **12.** Paragraph 7.1(b) is amended as follows:
 - (b) Trillion may revoke such termination under Section 7.1(a) if such failure is fully cured within the notice period. Upon the occurrence of an Event of Default, following the lapse of the cure period, Trillion may, at its option, exercise any one or more of the following remedies upon written notice to Customer: (1) terminate this Agreement and sell or lease the

Products for the account of Customer to a third party, holding Customer liable for all payments due under this Agreement prior to the effective date of such selling or leasing; and/or (2) exercise any other right, remedy or privilege, which may be available to it under applicable laws. All rights and remedies of Trillion under this Agreement are cumulative and none will exclude any other right or remedy under applicable law. Regardless of whether this Agreement is terminated, Customer will remain liable for all covenants and indemnities under this Agreement.

13. Paragraph 7.1(c) is amended as follows:

(c) By Customer.

- (1) <u>Breach by Trillion.</u> If Trillion fails to substantially provide the Services as warranted, Customer may terminate this Agreement without liability to Trillion for any future payments by providing Trillion with a thirty (30) day written notice that describes the breach. Such early termination shall not relieve Customer of the obligations hereunder for services previously provided by Trillion. The termination will not be effective if Trillion provides information to District's satisfaction that such failure is substantially cured within the notice period.
- (2) Commitment of Current Revenue. The District's Board of Trustees has the continuing right to terminate the Agreement at the expiration of each budget period during the term of the Agreement by providing notice to Trillion of its intention to exercise such right at least thirty (30) days prior to the end of the current budget period. The Agreement is further conditioned on the District's best effort to obtain and appropriate funds for payment of the Agreement. Accordingly, the District may exercise this right to terminate the Agreement by providing Trillion with reasonable notice upon learning that its attempts to obtain and appropriate sufficient funds for payment of services have been unsuccessful. Should Customer choose to terminate the Agreement by either manner provided by Paragraph 7.1(c)(2), this Agreement will end on

the last day of the budget period for which appropriations were received, without penalty or expense to the District of any kind whatsoever; however, the District will remain liable to Trillion for any payments attributable to services received in the preceding budget period.

- **14.** Paragraphs 7.2(b) and 7.2(c) are deleted in their entirety.
- **15.** Paragraph 7.3 is amended as follows:

<u>Effects of Termination</u>. Upon any termination, Trillion is expressly authorized to enter upon the premises of the Service Location where the Equipment is located, and take immediate possession of and remove such Equipment.

17. Section 7 is amended to add the following new paragraph 7.4:

Termination Capital Recovery. In the event Customer terminates this Agreement prior to the end of the Term for any reason other than pursuant to Subsections 7.1(c) or 7.2(a), Customer shall pay Trillion a one-time Capital Recovery fee equal to sixty percent (60%) of the amount due for Services under the remainder of the Term. Such payments shall be paid to Trillion within sixty (60) days after such termination.

18. Paragraph 8.1 is amended as follows:

Governing Law and Jurisdiction. The Agreement will be exclusively governed and construed in accordance with the laws of the State of Texas without regard to conflicts of laws. The Parties agree to submit to the personal and exclusive jurisdiction of the courts located in CASTRO County, Texas, or the Amarillo Division of the U.S. District Court for the Northern District of Texas. If either party employs attorneys to enforce any rights arising out of or related to this Agreement, the prevailing party will be entitled to recover its reasonable attorneys' fees and court costs from the other party.

19. Paragraph 8.5 is amended as follows:

Notices, Written Consents. Except where provided otherwise, notices and written consents hereunder will be in writing and will be deemed to have been fully given and received: (1) when delivered personally; (2) when sent by fax if

received by 4:30 p.m. CST on any business day, excluding weekends or any other days that the receiving party has previously scheduled to be closed; (3) the received date stated on the receipt of delivery when sent by registered or certified mail, return receipt requested, postage prepaid; or, (4) upon written verification of receipt when sent with a commercial overnight carrier. Notices, written consents, and payments will be sent to the parties at the addresses set forth in the signature block below or such other address as either party may specify in writing to the other.

20. Paragraph 8.9 is amended as follows:

Entire Agreement. The Agreement, including the Exhibit(s), as modified by this Amendment, constitute the entire agreement between the parties with respect to the subject matter hereof and supersede all prior proposals, agreements, negotiations, correspondence and all other communications, whether written or oral, between Trillion and Customer. This Agreement does not affect, and is independent of, any previous agreement between the parties regarding the provision of services not contemplated in this Agreement. No modification or waiver of any provision hereof will be effective unless made in writing and signed by both parties. Any attempted Service Provider E-Rate SPIN change during the Term without the express prior written authorization of Trillion shall be void. No handwritten alterations to the printed text of this Agreement are valid, whether initialed or not. This Agreement is intended to be a "minor amendment" under the Federal Communications Commission's guidelines, to the Services Agreement executed by Customer on the Effective Date listed below. The parties agree that this Amendment is within the scope of the original Services Agreement and has no effect or merely a negligible effect on price, quantity, quality, or delivery under the original contract. This Agreement may be executed in two or more counterparts, each of which will be deemed an original for all purposes, and together will constitute one and the same document. Faxed signatures will be relied upon as original signatures in all respects. All signed copies of this Agreement will be deemed originals.

BEFORE ME, the undersigned authority, on this day personally appeared Karen Newman, who upon oath, stated:

- 1. "My name is Karen Newman. I am over the age of 21 years and I have never been convicted of a felony or a misdemeanor involving moral turpitude.
- 2. Trillion Partners, Inc. ('Trillion') has been Dimmitt Independent School District's (the 'District') service provider for various internet and telecommunication services since December, 2003 through the present.
- 3. I was employed by the District as the Technology Director for the 2007-2008 school year, and became the E-Rate Coordinator in August of 2009.
- 4. In October of 2007, the District wanted to expand its Wide Area Network ('WAN') connectivity and its full internet and telecommunication services to all District

locations that had not yet been connected and to the new high school that was being designed and scheduled to open in 2009 (collectively the 'Additional Services').

- 5. At that time, Trillion informed the District that its bandwidth and network were running at full capacity, and the District would need to increase the capacity of both in order to accommodate the Additional Services.
- 6. I discussed this matter with the Superintendent, Charles L. Miller, and it was decided that the District should increase its bandwidth to accommodate the Additional Services.
- 7. The Form 470 for the Additional Services was filed on or about November 15, 2007. The allowable contract date for this Form 470 was December 13, 2007. Trillion was the only service provider that responded.
- 8. On Thursday, January 17, 2008, I received an email invitation from Chuck Browning of Trillion to be a guest at a customer appreciation dinner (the 'Dinner') to be held during the Texas Computer Education Association ('TCEA') Conference in Austin, Texas.
- 9. The email invitation appeared to have been sent to all existing Trillion customers attending the TCEA Conference.
- 10. On January 21, 2008, I responded to Mr. Browning's invitation by email, and advised him that three (3) Dimmitt employees, including myself, would attend the Dinner.
- 11. The Dinner was held on Tuesday, February 5, 2008 at 6:00 p.m., after the bidding period for the 470 had closed, at the Moonshine Bar & Grill in Austin, Texas. Rhenea Webb, Vanesa McClure and I, went directly from the TCEA Conference to the Dinner. We sat with employees from other school districts and Trillion representatives. Each

person was allowed to order their entrée separately. At no point did I discuss E-Rate business, and I was not aware that any business discussions occurred.

12. I had no knowledge that the District's Board of Trustees (the 'Board') would meet on February 6, 2008 to select a service provider for the Additional Services. I do not have authority to approve vendor contracts. I was not involved in, nor did I provide any input or recommendation relating to the Board's decision to use Trillion as the District's service provider for the Additional Services.

13. I was not present at the Board meeting on February 6, 2008 when the Board voted to use Trillion as its service provider for the Additional Services.

14. The Additional Services increased the District's WAN to 100 Mbps per site, it also increased its internet bandwidth from 3 Mbps to 9 Mbps and it upgraded the District's voice over IP telephone services.

any benefit from Trillion. I did not inform Sharron Bills, the District's E-Rate Coordinator at the time, that I attended the Dinner. I was not aware of any rule or regulation that would prevent me from attending the Dinner, and would not have gone had I known USAC viewed the Dinner as improper.

COUNTY OF CASTRO	§

BEFORE ME, the undersigned authority, on this day personally appeared Sharron Bills, who upon oath, stated:

- 1. "My name is Sharron Bills. I am over the age of 21 years and I have never been convicted of a felony or a misdemeanor involving moral turpitude.
- 2. In March of 2007, the District's Technology Director and E-Rate Coordinator, Christopher Hatton, was unexpectedly dismissed from Dimmitt Independent School District (the 'District'). From that time until August, 2009, I served as the District's E-Rate Coordinator.
- 3. In 2007, Mr. Hatton began the E-Rate filings. However, upon his departure, I completed the E-Rate process.

Affidavit of Sharron Bills 558280

- 4. I filed all of the applications, reports, and Program Integrity Assurance Reviews for the District as they pertained to the Universal Service Administrative Company ('USAC') and the District's E-Rate funding for the 2008-2009 and 2009-2010 school years.
- 5. My responsibilities were limited to filing the E-Rate applications and related paperwork in a timely fashion.
- 6. My responsibilities did not include technical issues such as bandwidth, wiring, Local Area Network ('LAN'), Wide Area Network ('WAN'), hardware or software, nor did I make recommendations for selection of service providers relating to such equipment or services.
- 7. In 2007, the District learned that it needed to increase bandwidth to accommodate a new high school and to prepare for the District's increasing technology needs.
- 8. On or about November 15, 2007, I filed a Form 470 FY2008-2009 (the '470') indicating the District's request for additional WAN, additional bandwidth for internet access connectivity and telecommunication services (the 'Additional Services').
 - 9. Trillion Partners, Inc. ('Trillion') was the only vendor to respond to the 470.
- 10. Trillion had been the District's internet service provider since 2003, and the District was still under contract with Trillion as the District's service provider when the 470 was filed.
- 11. On February 6, 2008, I was present but did not vote at the Board meeting when the Board voted to use Trillion as its service provider to increase the District's

bandwidth, provide a WAN, internet access and voice over IP telephone services to all current District facilities and the new high school.

- 12. On June 12, 2009, I received a request for information from USAC concerning the District's involvement with Trillion. This document asked several questions, including whether Trillion provided meals, entertainment, or trips to any District employee.
- 13. I had never received meals, entertainment, trips or any other item of value from Trillion, and was not aware that any other employee had received any benefit from Trillion.
- 14. At the time that I responded to USAC's request for information, I did not inquire as to whether any District employee was ever offered or accepted any benefit from Trillion.
- 15. I have since learned that three (3) employees did receive a meal from Trillion while attending the Texas Computer Education Association (TCEA) Conference in Austin, Texas in February, 2008.
- 16. Had I known this information at the time I completed the USAC request for information, I would have included it in my response.
- 17. In or about August of 2009, my duties changed and I am no longer involved with the E-Rate process.
- 18. Despite the fact that I was no longer the E-Rate Coordinator, on or about September 13, 2010, I received a Letter of Proposed Denial of 471#733584, FRN 1983786 for funding for FY2010.

- 19. The District filed its response to this Proposed Denial on October 8, 2010 via email.
- 20. On or about January 21, 2011, the District filed its appeal of USAC's November 23, 2010 Funding Commitment Decision Letter.
- 21. On or about February 14, 2011, the District received USAC's Notification of Commitment Adjustment Letter to the District regarding a need for a funding adjustment for the District's Form 471 #619342, FRN 1705900 (FY2008).
- 22. On or about February 14, 2011, the District received a copy of USAC's separate Notification of Commitment Adjustment Letter to Trillion regarding a need for a funding adjustment for the District's Form 471 #619342, FRN 1705900 (FY2008).

FEES AND PAYMENT TERMS.

4.1 Fee Payments.

- (a) Non-Recurring Charge: Upon execution of this Agreement, Trillion will invoice Customer a Non-Recurring Charge if specified in each Product Addendum.
- (b) Service Fee: Customer shall pay Trillion the Total Annual Service Charge All Sites After E-Rate listed in the applicable Product Addendum on an annual basis within thirty (30) days of the receipt of an invoice for such amount each year during the Term. Customer must file a correctly completed Form 486 with the Schools and Libraries Division within ten (10) days after the date of issuance of a Funding Commitment Decision Letter approving at least a portion of the funding for the Services. Failure to timely file such a Form 486 shall obligate Customer to pay in full the Total Annual Service Charge All Sites Before E-Rate amount within thirty (30) days of receipt of an invoice from Trillion.
- 4.2 <u>Change Orders:</u> Customer will be responsible for the cost of moving a tower, site or Equipment if Trillion determines that such move is necessitated by the actions of Customer and result in additional charges to Trillion. A Trillion Change Order Form shall be properly completed by Customer and submitted to Trillion to modify, reduce, or increase the equipment or services to be

provided. Such Change Order Form shall be deemed a part of this Agreement if signed by both parties. Unless specified in the Change Order Form, this Agreement shall continue in full force and effect in all respects.

- Payment Terms: All fees due under this Agreement will be paid in U.S. dollars within thirty (30) days after the date Customer receives Trillion's invoice, by a check sent to Trillion. Any invoice for undisputed payment remaining unpaid for thirtyone (31) days shall bear simple interest as set out under Texas Government Code, Chapter 2251, Subsection B. Nothing shall require Customer to pay an amount to Trillion that is subject to a bona fide dispute. Work performed which is outside the scope of this Agreement or is the subject of a change order will be billed at Trillion's cost.
- 4.4 Taxes. Customer agrees to pay all applicable taxes, including sales, use, withholding, transaction privilege, and other similar federal, state or local taxes, excluding income based taxes, (collectively referred to as Taxes"), as applicable to the Customer in connection with the Services provided under this Agreement, unless the transaction is specifically exempted under applicable state law. If Customer claims such an exemption, Customer must provide to Trillion documentation which Trillion determines is sufficient evidence of such exemption, (e.g., an exemption certificate), within thirty (30) days of the Effective Date. To the extent a state law authorizes Trillion to pass a tax on to Customer, Customer agrees to pay applicable tax. Customer further agrees to keep the Equipment free and clear of all levies, liens, taxes and encumbrances. If Customer fails to pay any applicable taxes or like charges when due, Trillion reserves the right to make such payments or like charges, together with all penalties and interest which may have been added because of Customer's delinquency or default, and Customer agrees to promptly reimburse Trillion for all amounts so paid if Customer is liable for such taxes. "Applicable taxes" means those taxes for which Customer is liable to pay by statute, and specifically excludes those taxes for which Customer is not liable to pay due to its status as an independent school district.
- 4.5 Lawful Payments. Notwithstanding any provision to the contrary contained in this Agreement, it is understood and agreed that the payments to be made in each fiscal year during the Term hereof are payable only out of current designated and lawfully appropriated funds of Customer for that fiscal year. Customer shall use its best efforts to appropriate funds for paying any amounts due under this Agreement. However, Customer will notify Trillion promptly (and in no case later than thirty (30) days prior to the last date of Customer's fiscal year) if Customer is unable to appropriate sufficient funds to make the payments provided in this Agreement.
- 4.6 Extensions and Upgrades. The parties agree that extensions to the term of this Agreement are expressly authorized and shall not require a new bid. The parties agree that upgrades, improvements, additional sites, and enhancements to the Services are expressly authorized and any amendment hereto to effectuate such upgrades, improvements, additional sites, and enhancements shall not require a new bid as long as the amendment reasonably relates to the Services. Any amendment hereto shall be in writing signed by both parties.

This warranty will apply solely to access to the Services, and will not apply to anything (1) caused by factors outside of Trillion's reasonable control; (2) that resulted from any action or inaction of Customer or any third party; (3) that resulted from scheduled maintenance or required repairs; or (4) that resulted from equipment, software or any item not provided by Trillion. All consequences for a breach of this warranty by Trillion are strictly limited to those defined in the attached Service Level Agreement.
- EXCEPT FOR THE EXPRESS WARRANTY SET FORTH IN SECTION 5.1(a), TRILLION (b) NO OTHER WARRANTY. Customer shall give Trillion immediate notice of Customer's intent to terminate this Agreement which shall be the end of the last of Customer's fiscal years for which appropriations for the payments were made; (7)

Contract No.: SA-090707-000809

Customer has obtained all services from its local exchange telephone service provider (other than Trillion) to ensure it has full access to 911 services; and (8) Customer will provide the required level of electricity to each facility provided by Trillion which requires electricity.

- (b) Should Customer engage in any activity or construct any new structure, which interferes mechanically, electrically, or operationally with the Equipment, Customer agrees to pay Trillion's reasonable costs of relocating its equipment necessitated by such interference.
- (C) Because Trillion must obtain certain permits, licenses, or waivers to perform the Services and Customer would be the necessary applicant for such, Customer grants limited authority to Trillion to act as Customer's agent for the sole purpose of obtaining all permits and licenses, or waivers thereof, which are necessary for Trillion to perform under this Agreement. To the extent such grant of authority is invalid or inconsistent with applicable law, or to the extent Trillion is unable to obtain such permits, licenses, or waivers, Customer warrants that it has obtained or waived, or will obtain or waive in a timely manner, all permits, and licenses applicable to the Services. Customer warrants it has obtained all applicable permits and approvals applicable to the intended use of the land regarding any requisite environmental impact studies, historical landmark studies, endangered species impact studies, Americans with disabilities act impact studies, etc. Customer expressly warrants that it will not directly or indirectly obstruct, hinder, or cause the delay, denial, or modification of any regulatory approval, license, or repeater site acquisition which Trillion determines is required for the Services so that the Services are, in Trillion's sole determination, incapable of being provided as agreed herein.
- (d) Customer shall promptly deliver to Trillion copies of any and all correspondence, notices, and forms received from Schools and Libraries Division that apply to Trillion's Services no later than five (5) business days after Customer received such document. Customer shall use its best efforts to obtain and maintain E-rate funding for the benefit of Customer throughout the Term. Should the Schools and Libraries Division decline funding for Customer for a particular E-Rate year (July 1 through June 30) due to procedural deficiencies or reasons, Customer covenants and agrees to use best efforts to remedy such denial and correctly file for E-Rate funding for the next E-Rate year for the benefit of Customer.
- (e) Customer acknowledges that Trillion is not responsible for the satisfactory performance, or lack thereof, of any third party content filtering. Customer further acknowledges that it (and not Trillion) is responsible for establishing, implementing, and/or utilizing any and all practices and procedures, rules, and other methods necessary to prevent any (i) unauthorized use of the Equipment by any person, and (ii) any access by Customer (and its students, employees, agents and contractors) at the Service Locations or by means of the Equipment to web sites, web pages, emails, or email attachments that may be inappropriate.
- (f) Reserved.

 - Prior three (3) audited financial statements.

6. LIMITATION OF LIABILITY AND REMEDY.

6.1 Reserved.

6.2 Internet Disclaimer.

- (a) Trillion does not and cannot control the flow of data to or from Customer's network and other portions of the Internet. Such flow depends in large part on the performance of Internet services provided or controlled by third parties. At times, actions or inactions of such third parties can impair or disrupt Customer's connections to the Internet (or portions thereof). Trillion agrees to use commercially reasonable efforts to take actions it deems appropriate to remedy and avoid such events. However, Trillion cannot guarantee that such events will not occur or that Trillion will be able to remedy all of them. Accordingly, Trillion disclaims any and all liability resulting from or related to such events.
- (b) Prior to the execution of an Acceptance Certificate for a Product Addendum which includes Internet Service, if Trillion incurs additional nonrecurring charges, including but without limitation, Construction charges, Extended Wiring charges, or wholesale provider non-recurring charges, for Internet Service, Trillion reserves the right to charge Customer an amount equal to such charges. Upon receipt of notice of such increased charges from Trillion, the Customer shall, within thirty (30) days of the date such notice is sent, either 1) pay the additional charges, and the Product Addendum shall be amended by a fully executed Change Order reflecting this non-recurring charge, 2) provide written notice to Trillion that Customer wishes to terminate the Product Addendum strictly as to the Internet Service and not as to any other aspect of the Product Addendum or this Agreement, or 3) accept an alternate bandwidth option, if offered by Trillion, at an agreed rate and bandwidth, under a fully executed Change Order.

7. TERMINATION; RENEWAL.

7.1 Termination for Cause.

(a) By Trillion. During the term of this agreement, if Customer fails to substantially comply with the terms of this Agreement, if Customer violates one of its warranties, or if the assumptions and contingencies stated herein are not met as determined by Trillion, Trillion may terminate this Agreement without liability to Customer by providing Customer with ninety (90) days prior written notice that describes the reason for termination. Customer shall have ten (10) business days to cure the noted default or to commence bona fide activity to cure such default. In the event that Customer commences to cure and diligently pursues cure, any attempted termination by Trillion shall be void and of no force and effect. Customer may provide written notice of such cure efforts. Notwithstanding any provision of this Agreement, Customer must timely pay for Services rendered, unless such invoice is the subject of a bona fide dispute.

(b) By Customer.

- (i.) If Trillion fails to substantially provide the Services as warranted, Customer may terminate this Agreement without liability to Trillion for any future payments by providing Trillion with ninety (90) days prior written notice that describes the breach. In the event that Trillion commences to cure and diligently pursues cure, any attempted termination by Customer shall be void and of no force and effect. Trillion may provide written notice of such cure efforts.
- (ii.) In the event no funds or insufficient funds are appropriated under the E-Rate Program, Customer may terminate this Agreement by providing prompt written notification of such occurrence to Trillion. In such event, this Agreement will terminate on the last day of the fiscal period for which E-Rate appropriations were received, without penalty or expense to Customer of any kind whatsoever, provided, however, that Customer will remain liable to Trillion for any payments attributable for periods for which E-Rate Program funds were appropriated.
- (iii.) Trillion reserves the right to report any such early termination or default to all credit or bond rating entities, and pursue all rights and remedies at law or in equity. Such termination shall not affect or reduce the term of the License described in Section 2.1 of this Agreement.

7.2 Renewal; Effects of Termination.

- (a) Renewal. The Term of this Agreement is automatically extended on a month to month basis at Trillion's adjusted month to month pricing unless either party provides written notice of termination to the other party at least thirty (30) days prior to such termination, or Customer provides written notice of an automatic renewal.
- (b) Non-Appropriation: Duty to Present to Board. Notwithstanding any other provision of this Agreement, Customer agrees that it may not terminate this Agreement to the extent any funds are in the budget of the Customer for any portion of the payment of the Services. This Agreement is conditioned on the District's best effort to obtain and appropriate funds for the payment of Services as set out in the Agreement. The District may exercise its right to terminate the Agreement by providing Trillion with reasonable notice upon learning that its attempts to obtain and appropriate sufficient funds for payment of Services have been unsuccessful. Should Customer choose to terminate the Agreement, this Agreement will end on the last day of the budget period for which appropriations were received, without penalty or expense to the District of any kind whatsoever; however, the District will remain liable to Trillion for any payments attributable to Services received in the preceding budget period.
- (c) Common Carrier Rights Unaffected. Upon any termination, Trillion is expressly authorized to enter upon the premises of the Service Location where the Equipment is located, and take immediate possession of and remove such electronic Equipment. The parties further agree that venue for any claim or controversy arising out of this Agreement shall be in a Texas District Court in and for Castro County, Texas. If either party employs attorneys to enforce any rights arising out of or related to this Agreement, the prevailing party will be entitled to recover its reasonable and necessary attorneys' fees and costs from the other party.
- 8.2 Use of Customer's Name. Trillion may use Customer's name as a customer, including a general description of the services provided to Customer by Trillion, in its resumes, client lists, case studies, and in other promotional information including, but not limited to, press releases, brochures, reports, letters, white papers and electronic media such as e-mail or Web pages.
- 8.3 No Agency; Assignment. Except as expressly provided in Section 5.2(c) of this Agreement, nothing in this Agreement is intended, or should be construed, to create a partnership, agency, joint venture, or employment relationship between Customer and Trillion. Each party is an independent contractor for the other party. Customer may not assign or sublicense the rights granted under this Agreement. Trillion may assign and reassign in whole or in part, its rights, title and interests, but not its obligations, under this Agreement, including the right to receive Customer's payments hereunder, to one or more assignees at any time subsequent to its execution, without the necessity of obtaining the consent of the Customer. Customer agrees to acknowledge any such assignment and to make all payments to the assignee designated in such assignment until such assignee

Contract No.: SA-090707-000809

shall advise Customer otherwise. Customer acknowledges that Trillion's assignee shall have the right to cure any Trillion default. and to otherwise provide the Services hereunder.

8.4 Force Majeure. A party is not liable for non-performance to the extent to which the non-performance is caused by an event that is not within the reasonable control of the affected party, including, without limitation, war, riots, civil insurrection or acts of a common enemy, fire, flood, strikes or other labor difficulty, acts of civil or military authority, including governmental laws, orders, actions. inactions or regulations, embargo, and the party gives reasonably prompt notice to the other party and makes all reasonable efforts to perform. In no event will this provision affect Customer's obligation to make timely payments for Services rendered. whether used or not, under this Agreement.

8.5 Assumptions and Contingencies.

- (a) Trillion is relieved of its obligation to provide the Services if certain preconditions to installation which are outside the control of Trillion do not occur. Examples of such preconditions include the issuance of all applicable permits and other regulatory approvals under terms and conditions acceptable to Trillion, and the acquisition of any necessary repeater sites from third parties under terms and conditions acceptable to Trillion. If such preconditions do not occur, Trillion will either renegotiate with the Customer or offer to terminate this Agreement with no termination penalties for either party. Additional assumptions included in this subsection 8.5 (a) may be listed in a Product Addendum.
- (b) Trillion's obligations to perform under this Agreement are based and contingent on, among other things, the engineering assumptions that:
 - (i.) Trillion will be able to obtain the necessary permits, repeater sites required for line of site RF transmission and ground rights necessary to provide the proposed service.
 - (ii.) Customer will provide necessary ground rights at a location suitable for both customer and Trillion that provide proper line of site and serviceability of the equipment.
 - (iii.) The Customer will provide electricity to the specified location in an amount which Trillion indicates is necessary to deliver Trillion Service
 - (iv.) Trillion will be able to acquire the licensed frequencies required for any designated licensed spectrum necessary to deliver service.
 - (v.) The Customer will be providing all internal (local area network) layer 3 routing equipment, service, and support.
 - (vi.) To the extent line of site is required between two or more given sites, there is no obstruction between the sites which occurs after this Agreement is signed but before acceptance.
 - (vii.) If the Services include Trillion VoIP, the Wide Area Network must either be provided by Trillion or be approved by Trillion that it meets Trillion's minimum standards for VoIP.
 - Trillion's wholesale provider of Internet Services must agree to provide services that Trillion determines are necessary for Internet Service to Customer, if any, at terms and conditions acceptable to Trillion.
- (c) Non-Public Works Projects Only: Because the Customer has not declared this to be a "public works project," the prices listed do not include costs associated with paying prevailing wages. This is an agreement to allow Trillion to perform necessary work to provide its services only and is not an agreement for the construction, reconstruction, erection, alteration, renovation, improvement, demolition, or repair work to any publicly owned, leased or operated plant, building, structure, ground facility, utility system, road, or other public improvement of any kind.
- 8.6 Risk of Loss; Insurance. Customer will bear the risk of all loss, damage, or theft with respect to the Equipment, and will maintain insurance against such loss, damage, or theft. Customer will maintain, at its sole expense and at all times during the term of this Agreement, fire and extended coverage, public liability, and property damage insurance with respect to the Equipment in such amounts, covering such risks, and with such insurers, as are satisfactory to Trillion (the "Insurance Coverage"). Each policy of insurance will name Customer as an insured, and Customer will name Trillion and its assigns as an additional insured and loss payee. In addition, each policy of insurance will specify that the insurer give Trillion at least thirty (30) days prior written notice of any alteration in the terms of such policy or the cancellation thereof. The proceeds of any such policies will be payable to Customer and Trillion (or their successors or assigns) as their interest may appear. Upon Commencement Date and subsequently upon each insurance renewal date, Customer will promptly deliver to Trillion a certificate evidencing the insurance coverage required under this Agreement, and will promptly deliver to Trillion updated certificates each time it is renewed or modified.
- 8.7 Notices, Written Consents. Except where provided otherwise, notices and written consents hereunder will be in writing and will be deemed to have been fully given and received: (1) when delivered personally; (2) when sent by fax if received by 4:30 p.m. CST on any business day, excluding weekends or any other days that the receiving party has previously scheduled to be closed; (3) the received date stated on the receipt of delivery when sent by registered or certified mail, return receipt requested, postage prepaid; or, (4) upon written verification of receipt when sent with a commercial overnight carrier. Notices, written consents, and payments will be sent to the parties at the addresses set forth in the signature block below or such other address as either party may specify in writing to the other.
- 8.8 Conflicting Terms; Survival. If there is a conflict among the terms in this Agreement and any Product Addendum attached hereto or any subsequent amendment to this Agreement, the terms of the later Product Addendum or amendment shall control. Customer's obligations under this Agreement shall commence on the date this Agreement is signed by Customer below, with the sole and limited exception that Customer's obligation to begin payment under this Agreement shall begin on the date the Customer executes an acceptance certificate applicable to the Services specified in the applicable Product Addendum. If there

Contract No.: SA-090707-000809

are multiple stages of acceptance for a given Product Addendum, Customer shall promptly pay its pro-rated share for the accepted Services as invoiced by Trillion. Independent of this obligation to pay, if there are multiple stages of acceptance for a given Product Addendum, the latest date of acceptance shall be the Commencement Date. The terms of any sections which by their nature are intended to extend beyond termination will survive termination of this Agreement for any reason.

- 8.9 No Walver: Severability: Section Headings. The failure of a party to exercise or enforce any right or provision of the Agreement will not constitute a waiver of such right or provision. Nothing in this Agreement shall be construed in a manner which would result In a violation of any local, state, or federal laws or regulations, and any provision found by a court of competent jurisdiction to be in violation of such law or regulation shall be considered deleted and the remainder of the Agreement shall be construed, as rearry as possible, to reflect the lawful intentions of the parties with the other provisions remaining in full force and effect. The section headings in the Agreement and Summary section in any Product Addendum are solely for the convenience of the parties and have no legal or contractual effect, except to the extent described in Section 1.8.
- 8.10 Entire Agreement. This Agreement, including each Product Addendum attached hereto, constitutes the entire agreement between the panies with respect to the subject matter hereof. This Agreement does not affect, and is independent of any previous agreement between the parties regarding the provision of Services not contemplated in this Agreement or applicable Product Addendum. Any previous agreement between the parties regarding the provision of Services contemplated in this Agreement or applicable Product Addendum shall continue in full force and effect, and shall be renewed on a month to month basis until the Commencement Date of this Agreement. No modification or waiver of any provision hereof will be effective unless made in writing and signed by both parties. Any attempted E-Rate SPIN change during the Term without the express prior written authorization of Trillion shall be void. This Agreement may be executed in two or more counterparts, each of which will be deemed an original for all purposes, and together will constitute one and the same document. SERVICE LEVEL AGREEMENTS

Trillion VoIP Telephone Service - Voice Over IP Service Level Agreement

Support Service. Trillion's goal is to provide carrier class service. Support services are provided for up to four authorized technical contacts that have been given access to the Trillion NOC. Trillion provides the ability to receive and process support cases 24x7. Standard hours of operation are from 6 a.m. to 7 p.m. Central time, with emergency support 24 hours a day, seven days a week. The Trillion Network Operations Center is staffed for 24x7 network monitoring and VoIP system management services.

On-site Service. Trillion provides onsite dispatch services if required to regain service. On-site dispatch is normally initiated in less than one hour after it has been determined that on-site assistance is required.

Corrective Action. Trillion will respond and begin corrective action when the following drops below the identified threshold for a given contracted VoIP site. Performance of the Local LAN is neither monitored nor corrected by Trillion.

- (1) VoIP Service Availability drops below 100%
- (2) Packet loss between locations is greater than 1%

Availability Monitoring Three monitoring cycles of no response shall constitute service unavailability and will trigger initiation of proactive outage notification procedures by Trillion. The proactive outage notification process involves notifying the Trillion NOC 24x7 for corrective action. If requested, Trillion will deliver notifications to the Customer's specified point of contact via email alert and or phone call.

Product Updates. Trillion, at its sole discretion, will apply maintenance patches or upgrades necessary to resolve critical issues. Trillion will maintain backups of configuration files required to regain service in the event of equipment failure. Customer voice mail files are the responsibility of the customer to backup to an alternate file server on premise if required.

Other Customer Obligations for Telephone Service - Voice Over IP Service.

Unless otherwise specified by Trillion, Trillion does not provide Ethernet switches, power, uninterruptible power supply equipment, or power over Ethernet Switches for IP phones. Customer is required to purchase Trillion supported IP based phones to be used with the VoIP service.

Unless otherwise specified by Trillion, Customer is responsible for: 1) providing all analog phones and/or handsets; 2) placing all analog phones and/or IP phones and or handsets; 3) installing Personal Call Manager on Customer's computers; and 4) any connection to any Customer owned/leased legacy phone equipment. Customer may make a request that Trillion provide any of these under a Trillion Change Order Form at an additional cost.

Customer's LAN must pass the Trillion network assessment that will be performed prior to service activation. If Customer declines to comply with the recommendations of a Trillion Network Assessment, Customer will be required to sign a walver acknowledging such. The Customer shall assume all responsibility for all voice quality issues. Trillion's service provides VoIP services to a single demarc location at a core MDF to each school and is not responsible for voice quality caused by LAN related issues.

Customer's LAN equipment must be capable of prioritizing voice traffic and ensuring adequate quality of service necessary for voice operations. This includes zero packet loss, latency less than 50ms and zero jitter. Customer will be responsible for resolving LAN issues not meeting these specifications. All Customer trouble reports requiring an on-site visit by Trillion service employees that are the result of Customer's own failure to maintain minimum requirements for call manager client computers, LAN, cabling, rack space, power, and ventilation will be billed at the Standard Billing Rate.

Customer is required to take all appropriate action to meet Customer's safety needs. Customer must obtain a voice grade line that includes 911 (E-911) access for each of Customer's locations from its local telephone service provider. Trillion Is not responsible for providing this separate voice grade line from Customer's local telephone service provider. Customer is required to maintain 911 (E-911) database with the local PSAP.

In the event that Trillion LEC Coordination services are not purchased by Customer, Customer is responsible for: ordering, installation, and cut-over of desired telephone company services including analog and/or digital trunks, DIDs, etc.; ensuring all telephone company services are provisioned accurately and installed on-time in accordance with the Trillion project implementation schedule; and ensuring all telephone company services are delivered, and extended if necessary, to the same physical location of Trillion's voice equipment, installed on-time in accordance with the Trillion project implementation schedule. Due to the fact that Trillion LEC Coordination services require much collaboration and shared responsibilities with the Customer, if such services are purchased by Customer, the parties' respective obligations will be determined at that time. Trillion recommends that all IP phones be equipped with backup uninterruptible power supplies to extended survivability in the event of a power outage, this is time. Trillion recommends that all IP phones be equipped with packup uninterruptible power supplies to extended survivability in the event or a power outage, this is typically done via a dedicated uninterruptible power supply for the phone or Power Over Ethernet ("POE") via Power over Ethernet patch panels or Power over Ethernet switches. It is Customer's responsibility to provide backup uninterruptible power supply power for any and all IP Phones. Customer is required to provide all Coordinated Dialing Plan's and Call Flow. This should include all Intra and Inter and Long Distance dialing methods. In the event that the Customer requests music on hold, it is the Customer's responsibility to install and provide a music on hold source to the system in a 8 bit 8Khz coitt ulaw format. Cabling toning and or documentation required for analog or IP phones is a separate service. Unless specifically requested and ordered by Customer, Trillion Is not responsible for cabling any analog or IP phones. Customer is responsible for all end user help desk support including phone voicemail, and Call Manager desktop application usage. Customer is responsible for end user provisioning and administration including adding end users to the system, deleting end users from their system and changing end user profiles.

by technology plans that are written, that cover all 12 months of the funding year, and that have been or will be approved by a state or other authorized body, and an SLD-certified technology plan approver, prior to the commencement of service. The plans are written at the following level(s):

- a. an individual technology plan for using the services requested in this application; and/or
- b. higher-level technology plan(s) for using the services requested in this application; or
- c. no technology plan needed; applying for basic local, cellular, PCS, and/or long distance telephone service and/or voice mail only.
- 27. I certify that I posted my Form 470 and (if applicable) made my RFP available for at least 28 days before considering all bids received and selecting a service provider. I certify that all bids submitted were carefully considered and the most cost-effective service offering was selected, with price being the primary factor considered, and is the most cost-effective means of meeting educational needs and technology plan goals.

- 28. I certify that the entity responsible for selecting the service provider(s) has reviewed all applicable FCC, state, and local procurement/competitive bidding requirements and that the entity or entities listed on this application have complied with them.
- I certify that the services the applicant purchases at discounts provided by 47 U.S.C. Sec. 254 will be used solely for educational purposes and will not be sold, resold, or transferred in consideration for money or any other thing of value, except as permitted by the Commission's rules at 47 C.F.R. Sec. 54.500(k). Additionally, I certify that the Billed Entity has not received anything of value or a promise of anything of value, other than services and equipment requested under this form, from the service provider(s) or any representative or agent thereof or any consultant in connection with this request for services.
- 30. I certify that I and the entity(ies) I represent have complied with all program rules and I acknowledge that failure to do so may result in denial of discount funding and/or cancellation of funding commitments. There are signed contracts covering all of the services listed on this Form 471 except for those services provided under non-contracted tariffed or month-to-month arrangements. I acknowledge that failure to comply with program rules could result in civil or criminal prosecution by the appropriate law enforcement authorities.
- 31. I acknowledge that the discount level used for shared services is conditional, for future years, upon ensuring that the most disadvantaged schools and libraries that are treated as sharing in the service, receive an appropriate share of benefits from those services.
- 32. I certify that I will retain required documents for a period of at least five years after the last day of service delivered. I certify that I will retain all documents necessary to demonstrate compliance with the statute and Commission rules regarding the application for, receipt of, and delivery of services receiving schools and libraries discounts, and that if audited, I will make such records available to the Administrator. I acknowledge that I may be audited pursuant to participation in the schools and libraries program.
- I certify that I am authorized to order telecommunications and other supported services for the eligible entity (ies) listed on this application. I certify that I am authorized to submit this request on behalf of the eligible entity (ies) listed on this application, that I have examined this request, that all of the information on this form is true and correct to the best of my knowledge, that the entities that are receiving discounts pursuant to this application have complied with the terms, conditions and purposes of this program, that no kickbacks were paid to anyone and that false statements on this form can be punished by fine or forfeiture under the Communications Act, 47 U.S.C. Secs. 502, 503(b), or fine or imprisonment under the Title 18 of the United States Code, 18 U.S.C. Sec. 1001 and civil violations of the False Claims Act.
- I acknowledge that FCC rules provide that persons who have been convicted of criminal violations or held civilly liable for certain acts arising from their participation in the schools and libraries support mechanism are subject to suspension and debarment from the program. I will institute reasonable measures to be informed, and will notify USAC should I be informed or become aware that I or any of the entities listed on this application, or any person associated in any way with my entity and/or entities listed on this application, is convicted of a criminal violation or held civilly liable for acts arising from their participation in the schools and libraries support mechanism.
- 35. I certify that if any of the Funding Requests on this Form 471 are for discounts for products or services that contain both eligible and ineligible components, that I have allocated the cost of the contract to eligible and ineligible companies as required by the Commission's rules at 47 C.F.R. Sec. 54.504(g)(1),(2).
- 36. I certify that this funding request does not constitute a request for internal connections services, except basic maintenance services, in violation of the Commission requirement that eligible entities are not eligible for such support more than twice every five funding years beginning with Funding Year 2005 as required by the Commission's rules at 47 C.F.R. Sec. 54.506(c).
- 37. I certify that the non-discounted portion of the costs for eligible services will not be paid by the service provider. The pre-discount costs of eligible services features on this Form 471 are net of any rebates or discounts offered by the service provider. I acknowledge that, for the purpose of this rule, the provision, by the provider of a supported service, of free services or products unrelated to the supported service or product

constitutes a rebate of some or all of the cost of the supported services.

- 2. For the 2007-2008 school year, I was employed by Dimmitt Independent School District (the 'District') as a Computer Lab Technician.
- 3. In February of 2008, I attended the Texas Computer Education Association (TCEA) Conference in Austin, Texas.

5. I ordered a chicken entrée from the menu and drank water.

6. We enjoyed informal conversations with Trillion representatives as well as

employees from other districts. I did not discuss E-Rate business, and I did not hear anyone

else discuss business at the Dinner.

7. I attended the Dinner without any knowledge that Trillion was being

considered as the District's service provider for additional internet and telecommunication

services. I had no knowledge that the District's Board of Trustees would meet on February

6, 2008 to evaluate and select a potential service provider for additional internet and

telecommunication services.

8. I do not have the authority to approve provider contracts. I had no input in the

District's decision to select Trillion as its service provider for such additional services. I

was not present at the Board meeting on February 6, 2008, when the Board voted to use

Trillion as the service provider for additional internet and telecommunication services.

9. Other than attending the Dinner, I have not been offered nor have I accepted

any benefit from Trillion. I did not inform Sharron Bills, the District's E-Rate Coordinator at

the time, that I attended the Dinner. I was not aware of any rule or regulation that would

prevent me from attending the Dinner, and would not have gone had I known USAC viewed

the Dinner as improper.

FURTHER AFFIANT NOT."
